THE COMPANIES ACT, 2013
A COMPANY LIMITED BY SHARES

ARTICLES OF ASSOCIATION
OF

REFEX INDUSTRIES LIMITED

Interpretation

1. In these regulations—
 - a) **“the Act”** means the Companies Act, 2013,
 - b) **“the Company”** or **“this Company”** means Refex Industries Limited
 - c) **“the seal”** means the common seal of the company.
 - d) **“Directors”** shall mean any director of the Company including Alternative Directors, Independent Directors and Nominee Directors appointed in accordance with the law and the provisions of these Articles.
 - e) **“Board of Directors”** or **“Board”** means a meeting of the Directors assembled at a Board.
 - f) **“Security(es)”** means equity shares, preference shares, debentures (including compulsorily convertible debentures), any other equity security in the share capital of the Company or any note or debt security having or containing equity or profit participation features, or any option, warrant or other security or right which is directly or indirectly convertible into or exercisable or exchangeable for equity shares or any other equity securities of the Company
 - g) **“Share”** means a share in the Share Capital of the Company (Equity and Preference) and includes stock except where a distinction between stock and share is expressed or implied

2. Unless the context otherwise requires, words or expressions contained in these regulations shall bear the same meaning as in the Act or any statutory modification thereof in force at the date at which these regulations become binding on the company.

3. The Company is a Public Limited Company within the meaning of Section 2(71) of the Companies Act, 2013 as may be prescribed, and accordingly:

Share capital and variation of rights

4. The authorized Share Capital of the Company shall be such amount and of such description as stated for the time being or at any time in the Clause V of Memorandum of Association with such rights, privileges and conditions respectively attached thereto as may be from time to time and the Company may sub-divide, consolidate and increase the Share Capital from time to time and upon sub-division of shares, apportion the right to participate in profits in any manner as between the Shares resulting from the sub-division.

The Company has power, from time to time, to increase or reduce its authorised or issued and Paid-up Share Capital, in accordance with the Act, applicable Laws and these Articles.

The Share Capital of the Company may be classified into Shares with differential rights as to dividend, voting or otherwise in accordance with the applicable provisions of the Act, Rules, and Law, from time to time

5. Subject to the provisions of the Act and these Articles, the shares in the capital of the company shall be under the control of the Directors who may issue, allot, or otherwise dispose of the same or any of them to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit and may allot shares by way of Rights or preferential Allotment or by way of private placement as may be decided from time to time.

6. (i) Every person whose name is entered as a member in the register of members shall be entitled, without payment to one or more certificates in marketable lots, for all the shares of each class or denomination registered in his name, or if the Directors so approve (upon paying such fee as specified herein below) to several certificates, each for one or more of such shares and the Company shall complete and have ready for delivery such certificates, unless prohibited by any provision of law or any order of court, tribunal or other authority having jurisdiction, to receive within two months from the

date of allotment, or within one month of the receipt of application for the registration of transfer, transmission, sub division, consolidation or renewal of any of its shares as the case maybe or within such other period as any other legislation for time being in force may provide or within a period of six (6) months from the date of allotment in the case of any allotment of debenture or within such other period as any other legislation for time being in force may provide and as may be applicable in case of the Company. The certificates shall be issued in the following manner:

- (a) one certificate for all his shares without payment of any charges; or
- (b) several certificates, each for one or more of his shares, upon payment of twenty rupees for each certificate after the first.

(ii) Every certificate shall specify the shares to which it relates and the amount paid-up thereon and shall be signed by two directors or by a director and the company secretary, wherever the company has appointed a company secretary:

Provided that in case the company has a common seal it shall be affixed in the presence of the persons required to sign the certificate.

Explanation: For the purposes of this item, it is hereby clarified that in case of an One Person Company, it shall be sufficient if the certificate is signed by a director and the company secretary, wherever the company has appointed a company secretary, or any other person authorised by the Board for the purpose.;

(iii) In respect of any share or shares held jointly by several persons, the company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.

7. (i) If any share certificate be worn out, defaced, mutilated or torn or if there be no further space on the back for endorsement of transfer, then upon production and surrender thereof to the company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed then upon proof thereof to the satisfaction of the company and on execution of such indemnity as the company deem adequate, a new certificate in lieu thereof shall be given. Every certificate under this Article shall be issued on payment of twenty rupees for each certificate. Provided that no fee shall be charged for issue of new certificates in replacement of those which are old, defaced or worn out or where there is no further space on the back thereof for endorsement of transfer, as applicable. Provided that notwithstanding what is stated above, the Directors shall comply with such rules or regulation or requirements of any stock exchange or the rules made under the Act or the rules made under Securities Contracts (Regulation) Act, 1956 or any other act or rules applicable in this behalf, as applicable.
 - (ii) The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.
8. Except as required by law, no person shall be recognised by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognise (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.
9. (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent. or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made thereunder.
 - (ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.
 - (iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.
 - (iv) The amount or rate of commission shall not exceed 5% on shares and 2.5% on debentures or debenture stock in each case subscribed or to be subscribed. The commission/brokerage, if any, shall be paid only in cash.
10. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.

- (ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
11. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith.
12. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.
13. Subject to the provisions of the Act and these Articles (as may be applicable), the shares in the capital of the Company shall be under the control of the Board of Directors who may issue, allot or otherwise dispose of all or any of such shares to such persons, in such proportion and on such terms and conditions and either at a premium or at par and at such time as they may from time to time think fit and with the sanction of the Company in general meeting give to any person the option or right to call for any shares either at par or at a premium during such time and for such consideration as the Board of Directors think fit.
14. (1)(A) Where at any time the Board or the Company, as the case may be, propose to increase the subscribed capital by the issue of further shares then such shares shall be offered, subject to the provisions of section 62 of the Act, and the rules made thereunder:
- (i) to the persons who at the date of the offer are holders of the Equity Shares of the Company, in proportion as nearly as circumstances admit, to the paid-up share capital on those shares by sending a letter of offer subject to the conditions mentioned in (ii) to (iv) below;
- (ii) The offer aforesaid shall be made by notice specifying the number of shares offered and limiting a time not being less than fifteen days (or such lesser number of days as may be prescribed under the Act or the rules made thereunder, or other applicable law) and not exceeding thirty days from the date of the offer, within which the offer if not accepted, shall be deemed to have been declined.
- Provided that the notice shall be dispatched through registered post or speed post or through electronic mode or courier or any other mode having proof of delivery to all the existing shareholders at least three days before the opening of the issue;
- (iii) The offer aforesaid shall be deemed to include a right exercisable by the person concerned to renounce the shares offered to him or any of them in favour of any other person and the notice referred to in sub-clause (ii) shall contain a statement of this right;
- (iv) After the expiry of time specified in the notice aforesaid or on receipt of earlier intimation from the person to whom such notice is given that the person declines to accept the shares offered, the Board of Directors may dispose of them in such manner which is not disadvantageous to the Members and the Company:
- (A) to employees under any scheme of employees' stock option subject to Special Resolution passed by the Company and subject to the Rules and such other conditions, as may be prescribed under applicable law; or
- (B) to any person(s), if it is authorised by a special resolution, whether or not those persons include the persons referred herein above either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to such conditions as may be prescribed under the Act and the rules made thereunder;
- (2) Nothing in sub-clause (iii) of Clause (1)(A) shall be deemed:
- (i) To extend the time within which the offer should be accepted; or
- (ii) To authorize any person to exercise the right of renunciation for a second time on the ground that the person in whose favour the renunciation was first made has declined to take the shares compromised in the renunciation.

(3) Nothing in this Article shall apply to the increase of the subscribed capital of the Company caused by the exercise of an option as a term attached to the debentures issued or loans raised by the Company

to convert such debentures or loans into shares in the Company or to subscribe for shares of the Company:

Provided that the terms of issue of such debentures or loans containing such an option have been approved before the issue of such debentures or the raising of such loans by a Special Resolution passed by the Company in a general meeting.

(4) Notwithstanding anything contained in these articles thereof, where any debentures have been issued, or loan has been obtained from any government by the Company, and if that government considers it necessary in the public interest so to do, it may, by order, direct that such debentures or loans or any part thereof shall be converted into shares in the Company on such terms and conditions as appear to the Government to be reasonable in the circumstances of the case even if terms of the issue of such debentures or the raising of such loans do not include a term for providing for an option for such conversion:

Provided that where the terms and conditions of such conversion are not acceptable to the Company, it may, within sixty days from the date of communication of such order, appeal to National Company Law Tribunal which shall after hearing the Company and the Government pass such order as it deems fit.

A further issue of shares may be made in any manner whatsoever as the Board may determine including by way of preferential offer or private placement, subject to and in accordance with the Act and the rules made thereunder, as applicable.

Lien

15. (i) The company shall have a first and paramount lien:

(a) on every share / Debenture (not being a fully paid share/Debenture), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

The Company shall subject to applicable law have a first and paramount lien on every share / debenture (not being a fully paid share / debenture) registered in the name of each Member (whether solely or jointly with others) and upon the proceeds of sale thereof for all moneys (whether presently payable or not) called, or payable at a fixed time, in respect of that share / debenture and no equitable interest in any share shall be created upon the footing and condition that this Article will have full effect, to the extent applicable. Unless otherwise agreed, the registration of transfer of shares / debentures shall operate as a waiver of the Company's lien, if any, on such shares / debentures.

Provided that the Board may at any time declare any share to be wholly or in part exempt from the provisions of this Article, to the extent applicable.

The fully paid-up shares shall be free from all lien and in the case of partly paid up shares the Company's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares, as applicable.

16. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the

registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

17. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.
- (ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.
- (iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.
18. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.
- (ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

19. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:
- Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.
- (ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.
- (iii) A call may be revoked or postponed at the discretion of the Board.
- (iv) The power to call on shares shall not be delegated to any other person except with the approval of the shareholders in a general meeting and as may be permitted by law.
20. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by instalments.
21. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.
22. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.
- (ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.
23. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.
- (ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.
24. The Board—
- (a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and
- (b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance. Nothing contained in this Article shall confer on the Member (i) any right to participate in profits or dividends; or (ii) any voting rights in respect of the moneys so paid by him, until the same would, but for such payment, become presently payable by him, as may be applicable.

Transfer of shares

25. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee. In accordance with Section 56 of the Act, the Rules and such other conditions as may be prescribed under Law, every instrument of transfer of shares held in physical form shall be in writing. In case of transfer of shares where the Company has not issued any certificates and where the shares are held in dematerialized form, the provisions of the Depositories Act shall apply.
- (ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.
- (iii) The Company shall also use a common form of transfer, as may be applicable.
26. The Board may, subject to the right of appeal conferred by section 58 decline to register—
- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (b) any transfer of shares on which the company has a lien.
27. The instrument of transfer of any share shall be in writing and all the provisions of the Act, and of any statutory modification thereof for the time being shall be duly complied with in respect of all transfer of shares and registration thereof. The Company shall use the form of transfer, as prescribed under the Act, in all cases. In case of transfer of shares, where the Company has not issued any certificates and where the shares are held in dematerialized form, the provisions of the Depositories Act, 1996 shall apply. The Board may decline to recognise any instrument of transfer unless—
- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.

Provided that the registration of transfer of any securities shall not be refused on the ground of the transferor being alone or jointly with any other person or persons, indebted to the Company on any account. Transfer of shares/debentures in whatever lot shall not be refused.

The Board may decline to recognize any instrument of transfer unless—

- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer;

And

- (c) the instrument of transfer is in respect of only one class of shares.

28. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

29. Subject to the provisions of these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may (at its own absolute and uncontrolled discretion) decline or refuse by giving reasons, whether in pursuance of any power of the Company under these Articles or otherwise, to register or acknowledge any transfer of, or the transmission by operation of law of the right to, any securities or interest of a member in the Company, after providing sufficient cause, within a period of thirty days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be and as may be applicable, was delivered to the Company. Provided that the registration of transfer of any securities shall not be refused on the ground of the transferor being alone or jointly with any other person or persons, indebted to the Company on any account. Transfer of shares/debentures in whatever lot shall not be refused.

Transmission of shares

30. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognised by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

31. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—

(a) to be registered himself as holder of the share; or

(b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

32. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

33. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company. No fee shall be payable to the Company, in respect of the registration of transfer or transmission of shares, or for registration of any power of attorney, probate, letters of administration or other similar documents

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

Subject to the provisions of Sections 58 of the Act, these Articles and other applicable provisions of the Act or any other Law for the time being in force, the Board may, refuse to register the transfer of, or the transmission by operation of law of the right to, any Securities or interest of a Shareholder in the Company. The Company shall, within 30 (thirty) days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send a notice of refusal to the transferee and transferor or to the person giving notice of such transmission, as the case may be, giving reasons for such refusal.

Provided that, registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other Person or Persons indebted to the Company on any account whatsoever except where the Company has a lien on shares

Forfeiture of shares

34. If a member fails to pay any call, or instalment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or instalment remains unpaid, serve a notice on him requiring payment of so much of the call or instalment as is unpaid, together with any interest which may have accrued.

35. The notice aforesaid shall—

(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

- (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.
36. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.
37. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.
- (ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.
38. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.
- (ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.
39. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;
- (ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;
- (iii) The transferee shall thereupon be registered as the holder of the share; and
- (iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.
40. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of capital

41. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.
42. Subject to the provisions of section 61, the company may, by ordinary resolution,—
- (a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
- (d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.
43. Where shares are converted into stock,—
- (a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:
- Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.
- (b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be

conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

44. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—
- (a) its share capital;
 - (b) any capital redemption reserve account; or
 - (c) any share premium account.

Capitalisation of profits

45. (i) The company in general meeting may, upon the recommendation of the Board, resolve—
- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and
 - (b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.
- (ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the following provision, either in or towards:
- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively;
 - (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
 - (C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
 - (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
 - (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.
46. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—
- (a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and
 - (b) generally, do all acts and things required to give effect thereto.
- (ii) The Board shall have power—
- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
 - (b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;
- (iii) Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

47. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

48. All general meetings other than annual general meeting shall be called extraordinary general meeting.

49. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.
- (ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

50. (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.
- (ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.
51. The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.
52. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.
53. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of meeting

54. (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.
- (ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.
- (iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in the case of an original meeting.
- (iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting rights

55. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—
- (a) on a show of hands, every member present in person shall have one vote; and
- (b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.
56. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.
57. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.
- (ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.
58. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.
59. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.
60. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.
61. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

62. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid
63. Every member who is entitled to attend and vote in General Meeting may appoint a proxy and such proxy shall be a member of the company. The said proxy shall be entitled to speak and vote both on show of hands as well as at poll. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.
64. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.
65. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

66. (i) The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.
- (ii) The number of Directors shall not be less than three and not more than fifteen.

The following are the First directors of the Company:

- a. Mr. T. Anil Jain
- b. Mr. T. Jagdish Jain

67. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.
- (ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—
- (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or
 - (b) in connection with the business of the company.
68. The Board may pay all expenses incurred in getting up and registering the company.
69. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.
70. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.
71. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

72. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.
- (ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

73. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.
- (ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.
- (iii) A meeting of the Board of Directors for the time being at which a quorum is present shall be competent to exercise all or any of the authorities, powers and discretion which by or under the Act or these Articles or the regulations for the time being of the Company are vested in or exercisable by the Board of Directors generally
74. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.
- (ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.
75. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.
76. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.
77. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body or any person as it thinks fit.
- (ii) Any committee so formed or any person so authorized or appointed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.
78. (i) A committee may elect a Chairperson of its meetings.
- (ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.
79. (i) A committee may meet and adjourn as it thinks fit.
- (ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.
80. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.
81. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.
82. Any bonds, debentures, debenture-stock or other securities may if permissible under applicable law be issued at a discount, premium or otherwise by the Company and shall with the consent of the Board be issued upon such terms and conditions and in such manner and for such consideration as the Board shall

consider to be for the benefit of the Company, and on the condition that they or any part of them may be convertible into Equity Shares of any denomination, and with any privileges and conditions as to the redemption, surrender, allotment of shares, attending (but not voting) in the General Meeting, appointment of Directors or otherwise, as may be applicable. Provided that debentures with rights to allotment of or conversion into Equity Shares shall not be issued except with, the sanction of the Company in General Meeting accorded by a Special Resolution, as may be applicable.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

83. Subject to the provisions of the Act,
- (i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;
 - (ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.
84. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

85. (i) The Board shall provide for the safe custody of the seal.
- (ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors of the Company or such other person as authorised by the Board of Directors for the purpose; who shall sign every instrument to which the seal of the company is so affixed.

Dividends and Reserve

86. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.
87. Where capital is paid in advance of calls, such capital, whilst carrying interest, shall not confer a right to dividend or to participate in the profits, as may be applicable.
88. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.
89. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.
- (ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.
90. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.
- (ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.
 - (iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

91. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.
92. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.
- (ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.
93. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.
94. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.
95. No dividend shall bear interest against the company.
96. (a) Subject to the provisions of the Act, if the Company has declared a Dividend but which has not been paid or the Dividend warrant in respect thereof has not been posted or sent within 30 (thirty) days from the date of declaration, transfer the total amount of dividend, which remained unpaid or unclaimed within 7 (seven) days from the date of expiry of the said period of 30 (thirty) days to a special account to be opened by the Company in that behalf in any scheduled bank.
- (b) Subject to provisions of the Act, any money so transferred to the unpaid Dividend account of the Company which remains unpaid or unclaimed for a period of 7 (seven) years from the date of such transfer, shall be transferred by the Company to the Fund established under sub-section (1) of Section 125 of the Act, viz. "Investors Education and Protection Fund".
- (c) Subject to the provisions of the Act, no unpaid or unclaimed Dividend shall be forfeited by the Board before the claim becomes barred by Law.

Accounts

97. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.
- (ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding up

98. Subject to the provisions of Chapter XX of the Act and rules made thereunder—
- (i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.
- (ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.
- (iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

99. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.

Further Issue of Share Capital

100. Where at any time, the Company proposes to increase its subscribed capital by the issue of further shares, such shares shall be offered—

(I) to persons who, at the date of the offer, are holders of Equity Shares of the Company in proportion, as nearly as circumstances admit, to the Paid-up Share Capital on those shares by sending a letter of offer subject to the following conditions, namely:

A. the offer shall be made by notice specifying the number of shares offered and limiting a time not being less than 15 (fifteen) days and not exceeding 30 (thirty) days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined;

B. the offer aforesaid shall be deemed to include a right exercisable by the Person concerned to renounce the shares offered to him or any of them in favour of any other Person; and the notice referred to in Article 20(a)(i)A above shall contain a statement of this right;

C. after the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the Person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner which is not disadvantageous to the Shareholders and the Company.

(g) Transfer of Securities:

(I) Nothing contained in Section 56 of the Act or these Articles shall apply to a transfer of Securities effected by transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository.

(II) In the case of transfer or transmission of shares or other Securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic or fungible form in a Depository, the provisions of the Depositories Act shall apply.

(h) Allotment of Securities dealt with in a Depository:

Notwithstanding anything in the Act or these Articles, where Securities are dealt with by a Depository, the Company shall intimate the details of allotment of relevant Securities thereof to the Depository immediately on allotment of such Securities.

(i) Certificate Number and other details of Securities in Depository:

Nothing contained in the Act or these Articles regarding the necessity of having certificate number/distinctive numbers for

Securities issued by the Company shall apply to Securities held with a Depository.

(j) Provisions of Articles to apply to Shares held in Depository:

Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in Depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act.

(k) Depository to furnish information:

Every Depository shall furnish to the Company information about the transfer of securities in the name of the Beneficial Owner at such intervals and in such manner as may be specified by Law and the Company in that behalf.

Shares at the Disposal of the Directors

102. (a) Subject to the provisions of Section 62 and other applicable provisions of the Act, and these Articles, the shares in the Capital of the Company for the time being (including any shares forming part of any increased Capital of the Company) shall be under the control of the Board who may issue, allot or otherwise dispose of the same or any of them to Persons in such proportion and on such terms and conditions and either at a premium or at par at such time as they may, from time to time, think fit.

(b) Subject to applicable Law, the Directors are hereby authorised to issue Equity Shares or Debentures (whether or not convertible into Equity Shares) for offer and allotment to such of the officers, employees and workers of the Company as the Directors may decide or the trustees of such trust as may be set up for the benefit of the officers, employees and workers in accordance with the terms and conditions of such scheme, plan or proposal as the Directors may formulate. Subject to the consent of the Stock Exchanges and SEBI, the Directors may impose the condition that the shares in or debentures of the Company so allotted shall not be transferable for a specified period.

(c) If, by the conditions of allotment of any share, the whole or part of the amount thereof shall be payable by instalments, every such instalment shall, when due, be paid to the Company by the

person who, for the time being, shall be the registered holder of the shares or by his executor or administrator.

(d) Every Shareholder, or his heirs, Executors, or Administrators shall pay to the Company, the portion of the Capital represented by his share or shares which may for the time being remain unpaid thereon in such amounts at such time or times and in such manner as the Board shall from time to time in accordance with the Articles require or fix for the payment thereof.

(e) Every Shareholder or allottee of shares shall be entitled without payment, to receive one or more certificates specifying the name of the Person in whose favour it is issued, the shares to which it relates and the amount paid up thereon. Such certificates shall be issued only in pursuance of a resolution passed by the Board and on surrender to the Company of its letter of allotment or its fractional coupon of requisite value, save in cases of issue of share certificates against letters of acceptance or of renunciation, or in cases of issue of bonus shares. Such share certificates shall also be issued in the event of consolidation or sub-division of shares of the Company. Every such certificate shall be issued in the manner prescribed under section 46 of the Act and the Rules framed thereunder. Particulars of every share certificate issued shall be entered in the Register of Members against the name of the Person, to whom it has been issued, indicating the date of issue. A certificate issued under the Seal of the Company, if any, or signed by two Directors or by a Director and the Secretary, specifying the Shares held by any Person shall be prima facie evidence of the title of the Person to such Shares. Where the Shares are held in depository form, the record of Depository shall be the prima facie evidence of the interest of the beneficial owner.

Issue of Debentures

103. Any Debentures, debenture – stock or other securities may be issued at a discount premium or otherwise and may be issued on condition that they shall be convertible in to shares or any denomination and with any privileges and conditions as to redemption, surrender, drawing, allotment of shares, attending (but not voting) at the General meetings, appointment of Directors and otherwise Debentures with the right to conversion into or allotment of shares shall be issued only with the consent of the Company in the General meeting by a special resolution

Miscellaneous

104. At any point of time from the date of adoption of these Articles, if the Articles are or become contrary to the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the “**Listing Regulations**”), the provisions of the Listing Regulations shall prevail over the Articles to such extent and the Company shall discharge all of its obligations as prescribed under the Listing Regulations, from time to time.

ANNEXURE- X

APPROACH & METHODOLOGY

Introduction

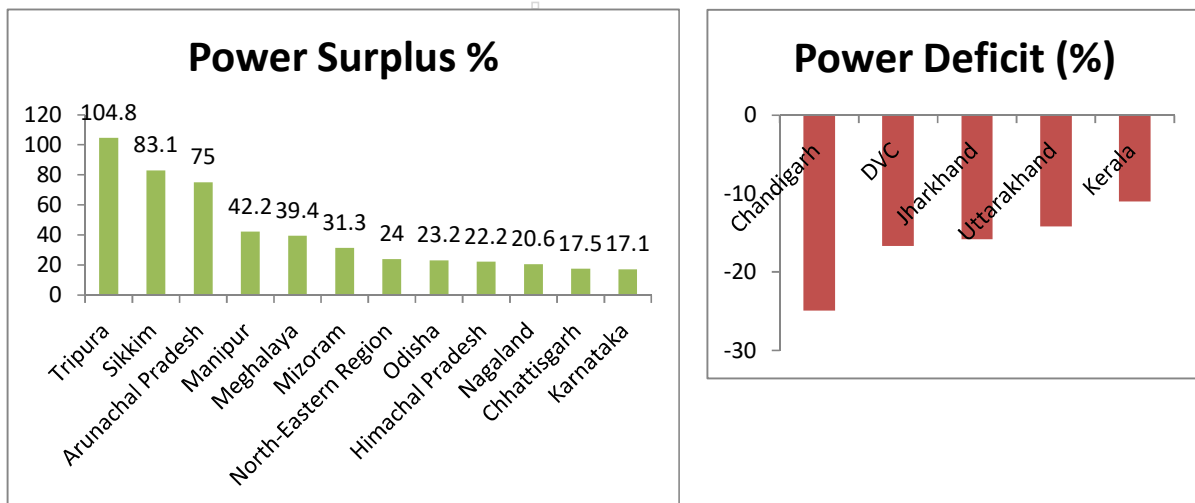

India has the world's fifth-largest electricity generation capacity and demand is expected to surge in the coming years owing to growth in the economy. The Indian power sector is one of the most diversified sectors in the world. Power in India is generated from commercial sources like coal, lignite, natural gas, oil, hydro and nuclear power as well as other viable non-conventional sources like wind, solar, agriculture and domestic waste. The demand for electricity in the country has been growing at a rapid rate and is expected to increase further in the years to come. In order to meet the increasing requirement of electricity, massive addition to the installed generating capacity in the country is required.

Market Opportunity

Electricity production in India stood at **1381 Billion Unit (BU)** as of FY2021, India stands as the third largest Producer and Consumer of Electricity in the world. With electricity production of 1381.8 BU in India in FY21, the country witnessed degrowth of around -2.49 per cent over the previous fiscal year. Electricity production stood at 886.3 BU between April-October 2021.

According to a CEA's Load Generation Balance Report, the country may see energy surplus of 6.4 per cent and peak surplus of 8.2 per cent in 2021-22. Energy surplus is anticipated of the order of 24.0%, 7.9%, 7.6% and 7.5% in the North-Eastern, Western, Southern and Northern Regions respectively. Eastern Region is likely to face energy deficit of 5.5% which can be met from surplus power in other regions. The Peak surplus of the order of 10.5%, 4.7%, 4.6%, 3.9% and 1.5% is anticipated in Eastern, Northern, Western, North-Eastern and Southern Regions respectively. In the period, almost half of the states would be either surplus or balanced, and the remaining states would face both peaking and energy shortages in varying degrees.

Following is the data explaining where things stand now and where it is likely to head:

As per CERC's report for Jul 2021 on Short-Term trading of Power, currently 14.72% of the total Electricity generated in the country is traded through short-term transactions.

Developed Western countries have volumes greater 20% of the total electricity generated traded via short-term trading. India being the third largest consumer would also start showing similar trends as the energy trading markets begins maturing.

Instructions to Shareholders for E-Voting and Joining Virtual Meeting are as under:

- (i) The voting period begins on September 27, 2021 at 09.00 a.m. and will end on September 29, 2021 at 05.00 p.m. During this period shareholders of the Company, holding shares either in physical form or in dematerialised form, as on the cut-off date of September 17, 2021 may cast their vote electronically.

NOTICE OF THE 19TH ANNUAL GENERAL MEETING (Contd.)

The e-voting module shall be disabled by CDSL for voting thereafter.

- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI Circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

NOTICE OF THE 19TH ANNUAL GENERAL MEETING (Contd.)**EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

As required by Section 102 of the Companies Act, 2013 (the "Act"), the following Explanatory Statement sets out all material facts relating to the business mentioned under Item Nos. 4 to 10 of the accompanying Notice dated September 02, 2021:

ITEM NO: 4

Mr. Shailesh Rajagopalan (DIN: 01855598) who was appointed as an Additional Director effective from December 29, 2020 who holds office up to the date of this AGM. Mr. Shailesh Rajagopalan has strong technical competence with over more than two decades of diverse experience in Operations and Management across various sectors, He has helped scale many IT and Fintech Companies. He is assuming mentorship responsibilities for many start-ups. Based on the experience, knowledge and upon the recommendation of the Nomination and Remuneration Committee, the Board in line with the Company's policy on Director's appointment and remuneration has proposed the appointment of Mr. Shailesh Rajagopalan as a Non-Executive Director of the Company liable to retire by rotation. The Company has received from Mr. Shailesh Rajagopalan:

- i. Declaration in Form MBP – 1 Pursuant to Rule 9(1) of The Companies (Meetings of Board and its Powers) Rules, 2014;
- ii. Intimation in Form DIR 8 in terms of Companies (Appointment and Qualifications of director) Rules, 2014 to the effect that he is not disqualified under section 164 (2) of the Companies Act, 2013 confirming his eligibility for his appointment.

As Mr. Shailesh Rajagopalan fulfils the conditions specified in the Companies Act, 2013 and Rules framed there under for being appointed as a Non-executive Director of the Company and in the opinion of the Board his continued association would be of immense benefit of the Company and it is desirable to continue to avail the services of Mr. Shailesh Rajagopalan as Non-executive Director.

Accordingly, the Board recommends the resolution set forth in Item No. 4 relating to the appointment of Mr. Shailesh Rajagopalan as a Non-Executive Director for the approval of the members of the Company.

Except for Mr. Shailesh Rajagopalan the Non-Executive Director being appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the proposed Ordinary Resolution as set out in Item No. 4 of this Notice.

ITEM NO. 5

Upon the recommendation of the Nomination and Remuneration Committee (NRC), the Board of Directors had appointed Mr. Ramesh Dugar (DIN: 01686047) as Additional (Independent) Director of the Company effective December 29, 2020, pursuant to Section 161 of the Act, 2013. Mr. Ramesh Dugar hold office upto the conclusion of ensuing AGM of the Company.

The Company has received a notice in writing from a member proposing candidatures of Mr. Ramesh Dugar for the offices of Independent Director, to be appointed as such under Section 149 of the Act. The Company has received declaration from Mr. Ramesh Dugar to the effect that he meets the criteria of independence as provided in the Act and the Listing Regulations.

Accordingly, it is proposed to appoint Mr. Ramesh Dugar as Non-Executive Independent Directors of the Company for a term of 3 (three) consecutive years with effect from December 29, 2020 up to December 28, 2023, pursuant to Section 149, and other applicable provisions of the Act and the Rules made thereunder. He will not be liable to retire by rotation.

Brief profile of Mr. Ramesh Dugar is given as a part of the Annual Report. Relevant details under the Listing Regulations and SS-2, issued by the Institute of Company Secretaries of India, have been also provided elsewhere in this Notice. Copy of the draft letter for appointment of Independent Directors setting out the terms and conditions is available for inspection by the members.

In the opinion of the Board, the Independent Director fulfil the conditions specified in Section 149, 152 and Schedule IV of the Companies Act, 2013 read with Companies (Appointment and Qualifications of Directors) Rules, 2013 and is independent of the management.

The Board recommends the appointment of Mr. Ramesh Dugar as Independent Director as set out in Item No. 5 for the approval of the shareholders of the Company.

Except for the Independent Director being appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the proposed resolution as set out in Item No. 5 of this Notice.

ITEM NO. 6

Upon the recommendation of the Nomination and Remuneration Committee (NRC), the Board of Directors had appointed Ms. Jamuna (DIN: 08009308) as an Independent Director of the Company at the 16th Annual General Meeting ('AGM') of the Company for a period of Three (3) years and

NOTICE OF THE 19TH ANNUAL GENERAL MEETING (Contd.)

hold office of Independent Director up to the conclusion of 19th AGM i.e. upto the conclusion of the ensuing AGM of the Company.

The Company has received a notice in writing from a member proposing candidatures of Ms. Jamuna for the offices of Independent Director, to be appointed as such under Section 149 of the Act. The Company has received declarations from Ms. Jamuna to the effect that she meets the criteria of independence as provided in the Act and the Listing Regulations.

Accordingly, it is proposed to appoint Ms. Jamuna as Non-Executive Independent Directors of the Company for a term of Three (3) consecutive years with effect from the conclusion of the 19th AGM upto the conclusion of 22nd AGM of the Company to be held in year 2024, pursuant to Section 149, and other applicable provisions of the Act and the Rules made thereunder. She will not be liable to retire by rotation.

Brief profile of Ms. Jamuna is given as a part of the Annual Report. Relevant details under the Listing Regulations and SS-2, issued by the Institute of Company Secretaries of India, have been also provided elsewhere in this Notice. Copy of the draft letter for appointment of Independent Directors setting out the terms and conditions is available for inspection by the members.

In the opinion of the Board, the Independent Director fulfil the conditions specified in Section 149, 152 and Schedule IV of the Companies Act, 2013 read with Companies (Appointment and Qualifications of Directors) Rules, 2013 and is independent of the management.

The Board recommends the appointment of Ms. Jamuna as Independent Director as set out in Item No. 6 for the approval of the shareholders of the Company.

Except for the Independent Director being appointee, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the proposed resolution as set out in Item No. 6 of this Notice.

ITEM NO 7 & 8

Reflex Industries Limited acknowledges that its growth may be attributed to the direction and contributions of the employees and would therefore like to provide them the option to participate and share in the wealth created similar to other stakeholders i.e. clients, investors, governments, and society. As a gesture aligned to this objective, an Employee Stock Option Scheme shall be implemented to:

- a. To promote success of the Company by rewarding and motivating the employees;
- b. To attract and retain talents;
- c. To link interests of employees with Shareholders;

- d. To foster ownership; and
- e. To reward for loyalty.

Given the objectives, the Company proposes to implement an employee stock option scheme, namely the 'Reflex Employee Stock Option Scheme 2021' ("**ESOP 2021**" / "**Scheme**").

In terms of Section 62(1)(b) of the Companies Act, 2013 read with Regulation 6 of the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2011, [SEBI (SBEB) Regulations, 2021] the Company seeks your approval for implementation of the Scheme and grant options thereunder to the eligible employees.

Subject to your approval and approval from any other authorities, if any, the Board of the Directors of the Company and its empowered committee, vide their respective meetings held on September 02, 2021 have approved the proposed Scheme, features of which are specified under:

a) Brief description of the Scheme:

The proposed Scheme seeks to reward eligible employees by way of granting options, which when exercisable results in equivalent equity shares of the Company, with a view to reward their association and loyalty which has resulted in corporate growth and value creation over a long period of time. The Scheme shall also be instrumental in making such eligible employees as co-owners with appropriate vesting period, which would motivate them for ensuring higher corporate growth and creation of value for all stakeholders.

The Company shall issue options to the eligible employees, which may be accepted by them within the grant period. Upon acceptance of the offer, the eligible employees shall be required to satisfy the vesting conditions specified in the ESOP 2021 and make payment of the exercise price and applicable taxes within the exercise period

The Nomination and Remuneration Committee or any other empowered committee of the Board of Directors of the Company, as constituted or reconstituted, shall act as the Compensation Committee ("Committee") for the superintendence and undertaking the general administration of the Scheme. All questions of interpretation of the Scheme shall be determined by the Committee and such determination shall be final and binding upon all persons having an interest in the Scheme.

b) Total number of Options/ Shares to be granted:

The maximum number of options to be granted shall not exceed 20,00,000 (Twenty Lakh) employee stock options.

NOTICE OF THE 19TH ANNUAL GENERAL MEETING (Contd.)

As per the SEBI (SBEB) Regulations, 2021 in case of any corporate action(s) such as sub division, consolidation of shares, rights issues, bonus issues, reorganisation of capital structure of the Company and others, the Committee shall adjust the number of shares available for offer and purchase price payable by the eligible employees in such a manner that the total value of shares available for offer remain the same after any such corporate action(s).

c) Identification of classes of employees entitled to participate in the Scheme:

The following classes of employees ("**Employees**"), subject to their selection as per eligibility criteria, as may be decided by the Committee, shall be entitled to participate in the Scheme:

- an employee as designated by the Company, exclusively working in India or out of India; or
- a Director of the Company, whether a whole time Director or not, including a non-executive director who is not a promoter or member of the promoter group, but excluding an Independent Director; or
- an employee as defined in sub-Clause (a) and (b) above of a group company including subsidiary or its associate company, in India or outside India or of a holding company of the Company, but does not include:
 - i. an employee who is a Promoter or a person belonging to the Promoter Group; or
 - ii. a director who either himself or through his Relative or through anybody corporate, directly or indirectly, holds more than ten percent of the outstanding equity shares of the Company.

d) Requirements of vesting and period of vesting:

There would be a minimum vesting period of one year from the date of grant. The options granted shall be a mixture of time-based vesting as well as performance-based vesting. The Company is proposing that 60% of the total options shall be time-based vesting which shall vest in a graded manner to be decided by the Committee and specified in the grant letter. 40% of the total options shall be performance-based vesting and shall vest upon satisfaction of performance condition to be decided by the Committee and specified in the grant letter.

e) Maximum period within which the units shall be vested:

The maximum period within which the vested options shall be exercised is 10 years from the date of vesting.

f) Exercise price or pricing formula:

The exercise price shall be determined by the Committee and shall be at a discount compared to the Market Price.

Market price means the latest available closing price of shares on a recognised stock exchange on which the shares of the Company are listed on the date immediately prior to the relevant date and which has recorded the highest trading volume as on the trading day.

g) Exercise period, and process of exercise/ acceptance of Shares:

Once the offer is made, the eligible Employee who intend to participate in the Scheme shall be required to accept such offer within the offer period or the extended offer period, as the case may be. The offer shall lapse and shall be cancelled in case an eligible Employee fails to submit the acceptance of the offer before the closure of the offer period or extended offer period.

The eligible Employee shall submit the acceptance of the offer along such other documents as may be required under the Scheme to the Company in such form as may be prescribed. After submission of acceptance of offer, the eligible Employees are required to satisfy vesting conditions as stated in the Scheme/ grant letter, and upon satisfaction of the vesting conditions, within the exercise period, make payment of the exercise price along with applicable taxes for obtaining the Shares under offer.

The commencement and closure dates of offer period, extended offer period and payment window, respectively, as decided by the Committee, shall be specified in the offer letter to be issued to the eligible employees.

h) Appraisal process for determining the eligibility of employees under the Scheme:

The appraisal process for determining the eligibility of the employees will be in accordance with the Scheme or as may be determined by the Committee at its sole discretion. The quantum of options offered will vary depending on the designation, level and grade, future potential of the eligible employee in success of the Company, etc.

i) Maximum number of Shares to be offered per Employee and in aggregate:

The maximum number of options that can be granted to any eligible employee during any one-year shall not equal or exceed 1% of the issued capital of the Company at the time of grant of options except where a separate

NOTICE OF THE 19TH ANNUAL GENERAL MEETING (Contd.)

approval from the shareholders of the Company is obtained. In aggregate the total grant to employees will not exceed 20,00,000 (Twenty Lakh) options.

j) Maximum quantum of benefits to be provided per employee under the Scheme:

The Scheme does not contemplate any benefit other than allowing eligible employee to receive equity Shares of the Company upon exercise of options. In this context, the maximum benefit shall be the maximum number of Shares that can be offered as stated above.

k) Whether the Scheme is to be implemented and administered directly by the Company or through a trust:

This Scheme shall be administered by the Committee working under the powers delegated by the Board, in accordance with the SEBI Regulations.

l) Whether the Scheme involves new issue of shares by the Company or secondary acquisition by trust or both

This scheme shall involve new issue of shares by the Company.

m) Accounting and Disclosure Policies:

The Company shall follow 'IND AS 102- Accounting for Share Based Payment and/or any relevant Accounting Standards as may be prescribed by the competent authorities from time to time, including the disclosure requirements prescribed therein in compliance of Regulation 15 of the SEBI (SBEB) Regulations.

n) Method of Options valuation:

The Company shall adopt Fair Value Method for valuation of options granted.

o) Mandatory lock-in period under the Scheme:

The Shares allotted/ transferred pursuant to the Exercise of the Vested Options shall not be subject to any lock-in period.

Consent of the shareholder is being sought pursuant to Section 62(1)(b), 67 and all other applicable provisions, if any, of the Companies Act, 2013 read with Regulation 6 of the SEBI (SBEB) Regulations.

None of the Directors or Key Managerial Personnel of the Company or their relatives are interested or concerned in the resolution, except to the extent of their entitlements, if any, under the Scheme.

A copy of the Scheme is available for inspection electronically during official hours on all working days till the conclusion of voting.

The Board of Directors recommends the passing of the proposed Special Resolutions nos. 7 and 8 for the approval of the Shareholders by way of Special Resolution.

RESILIENT BY NATURE. ROBUST BY PEOPLE.

Challenges are inevitable!

But a true winner is not someone who never falls rather the one who gets up every time after falling. This resilience coupled with the 'never give up' attitude and perseverance determine who wins at the end.

*Always ready to face any challenge head-on, our people are our biggest asset forming the very essence of our organisation. We hope to traverse a long journey on this path of Incessant Growth with these two core qualities: **Resilience and Culture** illuminating the way.*

At Refex Industries Limited, we thrive on RESILIENCE.

REFEX GROUP: AN INTRODUCTION

Refex Group traces its roots back to 2002 when Anil Jain incorporated Refex Industries Limited and set up a manufacturing plant for refrigerant gases. He has been the unrelenting driving force behind this pursuit of excellence for the Group, its people and its stakeholders.

Life is a journey that must be travelled no matter how bad the roads and accommodations, said Oliver Goldsmith. Anil, who has been in the driver's seat at Refex Group, believes in this statement wholeheartedly. This very diktat has helped him keep the show powering ahead, in good times or bad.

The team at Refex Group, Anil believes, will have to work

doubly hard in the coming years to help India achieve its dreams.

Refex Group aspires to increase its contribution to the nation's development. It intends to do this through its businesses and the development of its people and the communities supporting the businesses.

Refex Group has always striven to create an impact by working on a war-footing across all its businesses and sectors, the core of it being allied services for the energy industry and other related businesses. Additionally, the Refex Group, through its Alternative Investment Fund (AIF), is shaping the dreams of new entrepreneurs.

ANIL JAIN: OUR LEADER AT THE FRONT

Refex Group's distinguished presence across the key infrastructural sectors such as ancillary services for thermal power, solar power and guiding, mentoring and funding start-ups is a result of the astute business acumen of our visionary founder and Managing Director, Anil Jain. Building his entrepreneurial skills and team spirit through exposure to multifaceted business activities has helped him become this multi-dimensional charismatic individual. His enormous exposure in the field of business and commerce finds roots in his childhood days when he used to be actively involved in his family's stainless steel trading venture. Early on, he found the manufacturing of refrigerant gases to be his calling and set up Refex Industries Limited. With his indomitable entrepreneurial zeal and enthusiasm, he learned to consistently create value by not short-changing for the near term but rather by focusing on long-term value creation. This long term visioning has enabled him to develop sturdy businesses from the ground up under the Refex Group banner.

At Refex Industries Limited, we recognise the importance of Environmental, Social and Governance (ESG) factors and aim to integrate these into our business processes and seek to become an ESG compliant entity.

Anil has always believed that if investors continue to back the leadership team with their trust and guidance, we will have all the support we need to better ourselves every passing moment.

REFEX INDUSTRIES LIMITED

ABOUT US

Refex Industries Limited (hereinafter addressed as the 'Refex' or 'The Company' or 'We'), was incorporated in 2002 on identifying the immense commercial potential of refrigerant gases market in India – breaking the hitherto existing duopoly in this controlled market. Refex is successfully nipping away from its competition in the business of refilling Hydrofluorocarbons (HFCs) through its pan-India distribution network. Thereafter, since 2015, after identifying an equally enormous opportunity in the cross-value chain services for power generation sector in India, we have only expanded into newer domains within the sector.

An immensely under-invested segment of providing value-added services to the thermal power plants such as round-the-clock coal yard management, fly ash disposal handling, and coal trading, Refex has resolved to increase its footprint in this segment from its current scale to 10x in the next five years. It requires undeterred determination and microfocus

on helping our partner plants run in the most efficient and environmentally friendly manner.

The Company believes in the significance of energy for any growing economy. The recent global natural disasters have strengthened Refex's resolve to slowly move into renewable energy sources. This journey of being an energy producer has begun with a 5 MW solar power plant at Vituza village in Barmer, Rajasthan.

Refex's intention is to grow rapidly. The Company's leadership team, led by Anil Jain, is strong in its resolve to learn and understand nuances of the trade. The team aspires to internalise best practices to grow this segment and find radical solutions to expand the portfolio that can stand on its own against the intensive competition in the country in the renewable sector. In addition to this, closely analysing our carbon footprints, the target for us during next fiscal would be to identify a roadmap with respect to the reduction of the same.

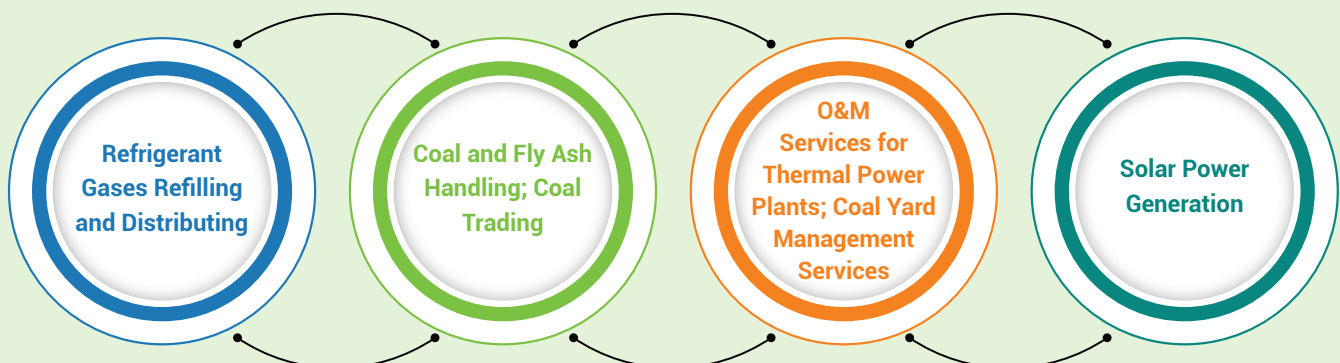

Refex has identified three pillars of success:

Refrigerant Gas Division: This division is slowly regaining its lost glory. In the next couple of years, this business will grow into a stronger self and aims to be within the top five in the country, in profitability, before 2025.

Operations & Management (O&M) Services Division: Currently, we are providing Operations and Management (O&M) Services to the thermal sector. We intend to expand the scope of our services into other energy-producing sectors. Today, even though we are a small player in this segment, we aspire to capture a 5 Percent market share within the next five years.

Ash Disposal Division: This division has the most significant business prospects across the country. With over 50 Percent of the ash being generated in India not being disposed of efficiently, there is a massive potential to expand the services offerings to other thermal power producers. We currently provide services to four thermal power plants, which we are looking to expand at a rapid pace.

OUR BUSINESS VERTICALS

VISION

To strive to achieve a top five position in every business segment we work in, in terms of profitability. We will serve to get a higher share of business of every business enterprise we work with.

MISSION

Refex Industries Limited aims to make power plants that it partners with, run the most efficient power plant in their respective category and region, in the process.

BUILDING THE NATION WITH RESILIENCE AND PEOPLE

Taking up challenges and winning has been integrated into the value system at Refex. We are proud to create a culture that thrives on the commitment of our talent pool. Our people are our biggest assets. Their mindset of owning up their responsibilities with 100% dedication makes us stand out in the marketplace, contributing largely to our success. This is evident in our performance, especially in the year marked

by a catastrophe like the COVID-19 pandemic; and growth plans across our business verticals. We are also proud to contribute to the infrastructural development of India by our current business models and growth plans of the same in our business verticals of coal and ash handling, refrigerant gases and solar power generation.

Our Business Model, Strengths and Expansion Plans:

Coal & Ash Handling

Business Model:

- Types of Ashes handled - Fly Ash, Pond Ash, Bottom Ash
- Procuring Ash from Leading Thermal Power Plants in Rajasthan, Maharashtra, Chhattisgarh on Contractual Basis
- Supplying Ash to Leading Cement Manufacturers in Maharashtra, Chhattisgarh, Madhya Pradesh, Andhra Pradesh & Karnataka; To Every Major Infrastructure Project in Chhattisgarh; To Paver Block and Hollow Bricks Manufacturers. Procuring Contracts For Filling Mines With Ash.
- Offering Round-the-clock, Value-added Coal Yard Management Services to Power Plants:
 - ✦ Handing Movement of Coal within the Plant from One Point to Another
 - ✦ Crushing the Coal into Uniform Size and Feeding to Track Hoopers

Strengths:

- Serving Power Plants with a Cumulative Capacity of 2,561 MW in the Three States
- One of the Largest Ash Disposal Companies in Chhattisgarh

Expansion Plans:

- Aiming for Faster, Efficient and Eco-friendlier Disposal of Ash by Using Innovative Idea of the Train Racks for Ash Disposal
- Plans to Acquire Stressed Assets, esp. Solar and Thermal Power Plants

Refrigerant Gases

Business Model:

- Sourcing the gases (HFCs) in ISO Tanks
- Refilling into different categories of cylinders
- The Cylinders Reach the Market through Channels of Dealers and Distributors
- These Gases are Primarily Used as Refrigerants, Blowing Agents and Aerosol Propellants

Strengths:

- Pioneer in India in Supplying Automotive Air conditioning Gases in Disposable Cans
- Use of Disposable Cans Reduces the Freight Cost of Empty Cylinders and makes the Task of Filling the Gases Hassle-free
- Fully Automated Filling Facility
- A Warehouse in Delhi that Reduces the Delivery Time in the Northern region Substantially
- 100% Compliance with all Government Mandates in Refrigerant Industry

Expansion Plans:

- Planning for an Market Share Expansion from Present 8.5 Percent up to 10 Percent the Upcoming Fiscal of 2021-22
- Planning to Conduct a Nationwide Launch of Zero Global Warming Potential (Zero GWP) Gases in Next 12 to 18 Months
- Exploring Nepal as Export Market

Solar Power

Business Model:

- A 5.18 Mega Watt (MW) Solar Power Plant at Vituza village, Barmer, Rajasthan

MANAGING DIRECTOR'S MESSAGE

The year 2020-21 threw some severe challenges at us. It reinforced a very valuable lesson of resilience and belief in our people. It is with this indefatigable attitude of our people that we have maintained our pace towards progress.

Dear Stakeholders,

I am happy to present the Annual Report for yet another successful year at Refex Industries Limited. While the year 2020-21 threw some very serious challenges at us, in the form of the COVID-19 pandemic and nationwide lockdown, it also reinforced very valuable lessons of resilience. It reinstated the belief in our people, who have demonstrated how to meet a challenge like COVID-19, head-on.

It is with this indefatigable attitude of our people that we have maintained our pace towards progress. The following financial numbers further bolster my assertion. The total revenues for 2020-21 stood at ₹ 632.66 Crore, as against ₹ 660.74 Crore for the fiscal 2019-20. The revenues from Ash

and Coal Handling vertical declined from ₹ 589.06 Crore in 2019-20 to ₹ 515.74 Crore in 2020-21. Similarly, those from Refrigerant Gases vertical declined from ₹ 20.11 Crore in 2019-20 to ₹ 17.20 Crore in 2020-21, and those from Solar segment went down from ₹ 14.85 Crore in 2019-20 to ₹ 12.32 Crore in 2020-21. Despite this overall marginal decline in revenues, our Earnings before Interest, Tax, Depreciation and Amortisation (EBITDA) increased from ₹ 51.15 Crore in 2019-20 to ₹ 67.67 Crore in 2020-21. This rise in operating profits can be largely attributed to a rise in income from the services segment, which has more than doubled from ₹ 36.72 Crore in 2019-20 to ₹ 87.40 Crore in 2020-21. Similarly, Profit After Tax (PAT) has also gone up from ₹ 33.08 Crore in 2019-20 to ₹ 40.94 Crore in 2020-21. As we continue to look forward to enhancing our performance, I appreciate the contribution and dedication of every member of Refex Industries Limited in achieving this result.

Indian economy has been through a turbulent phase during the last fiscal – primarily led by successive waves of the COVID-19 pandemic and the resulting uncertainties and periods of extended lockdowns. Together, these froze the wheels of the economy completely for days. However, with the nominal growth in Gross Domestic Product (GDP) for the Q3 and Q4 of 2020-21, the nation has been set on the path of recovery. The International Monetary Fund (IMF) estimates the growth of the Indian economy in 2021-22 to be at 9.5 Percent, which is a very positive outlook given that during 2020-21, the GDP contracted by 7.3 Percent. The gigantic economic stimulus of ₹ 20 Lakh Crore provided by the Government of India under 'Aatmanirbhar Bharat' initiative has indeed offered a booster to the major sectors of the economy.

Speaking about the sectors of the economy, the ones highly relevant to the business of Refex Industries Limited are the power sector, automobile industry and Fast-Moving Consumer Durables (FMCD). The demand for our offerings is highly intertwined with the growth of these sectors.

Coming to the principal business vertical of Refex Industries Limited, the coal and ash handling vertical is expanding at a rapid rate. In India, the total installed capacity for thermal power is 234 GW, of which 53 Percent of the thermal power was obtained from coal as of 2020-21. This leads to the estimated coal consumption of around 966 Million Tonnes (MT). Out of the total coal burnt, 30-35 Percent is fly ash, a by-product of the coal burning process and can be used as raw material for PPC cement and paver blocks and bricks. We are currently handling around 20,000 MT per day of ash from four plants in Rajasthan, Maharashtra and Chhattisgarh. Due to our efficient handling of ash, we are gaining market visibility, which is expected to result in a higher number of such service contracts. Apart from ash handling, we also provide round-the-clock coal yard management services, which involves the movement of coal within the plant, crushing the coal, and feeding it into the track hoopers continuously to ensure the smooth functioning of the plant. Besides, we have also ventured into the segment of coal trading where we procure thermal coal from India and imported coal from countries

such as Indonesia, Australia, South Africa, Mozambique and supply the same to the power plants in India. Due to our increasing brand visibility in the ash disposal space, we can also garner increasing attention from the power plants across India for these value-added services. We also intend to enter the Operations & Management (O&M) segment for thermal power plants.

The Company's revenue from the refrigerant gases vertical is linked directly with the demand for domestic durables like refrigerators and air conditioners. The rising income levels in India, higher electrification in rural areas and high tropical temperatures throughout the year have been the significant growth drivers for these products, where refrigerant gases are used. Increasing awareness about protecting the environment has also led to higher demand for eco-friendlier Hydrofluorocarbons (HFCs)-based refrigerant gases.

Another source of demand is the passenger vehicles where refrigerant gases are used as coolants. The total market size for refrigerant gases in India in 2020-21 was estimated to be around 1,00,000 MT. With our installed capacity of 2,000 MT and state-of-the-art, fully automated refilling technology, we are prepared to acquire a larger market share by expanding our dealer and distributor network and procuring contracts from Original Equipment Manufacturers (OEMs), Railways, Auto OEMs and other industrial and government sectors. In addition to the domestic markets, we are also exploring Nepal as a potential export market.

The solar power segment, though at a nascent stage in India, is gaining a great deal of growth impetus in terms of installations and Government initiatives. In 2020-21, a total of 3.2 Giga Watt (GW) of capacity was added. The states of Rajasthan, Gujarat and Andhra Pradesh accounted for more than half (51 Percent) share of the total capacity addition in the calendar year (CY) 2020. This makes the cumulative solar power capacity installed in the country at 39 GW. The capacity addition for 2021-22 is projected to be 10 GW. Despite the short-term challenges such as rising raw materials and transportation costs, the Indian solar power sector is expected to register impressive growth due to conducive environmental conditions and solar power's clean, eco-friendly nature. The Indian Renewable Energy Development Agency Ltd. (IREDA) seeks to set up solar module manufacturing units under the Production Linked Incentive Scheme (PLI) of the Government of India. Also, there has been an additional capital investment of ₹ 1,000 Crore in Solar Energy Corporation of India by the Government in the Union Budget 2021-22. This bodes well for the Company's plans to expand its footprints in the solar power sector. We are already present in the solar power segment through our Balotra Solar Power Plant of 5.18 MW near Vituza village in Barmer, Rajasthan. We have employed string inverters that ensure higher efficiency in power generation and reduce the plant's downtime in case of any problems.

People First

Our 'People first' policy has helped us foster an inclusive and

collaborative culture that has shielded us even during the catastrophes of global scale like the COVID-19 pandemic. For ensuring the safety of our employees against the pandemic, we had formed an emergency task force. We also undertook COVID-19 insurance cover worth ₹ 5 Lakhs for them. We grieve the loss of our valued employees who lost their lives at the hands of COVID-19, but we are committed to taking care of their families through the following family support initiative:

- Full salary for next three years to the heir of the employee
- Funding education of children till graduation
- Extending mediclaim policy till the children of the employee turn 25 years or become financially independent, whichever is earlier
- Offering employment to the spouse or dependent in the Company as per their qualifications

Additionally, through our initiative 'Oxygen on Wheels', the Company, in association with Jain International Trade Organisation (JITO), had deployed four dedicated buses, equipped with six oxygen concentrators outside government hospitals in Chennai. It could accommodate six patients and aimed at providing relief to people who had been waiting in queues to get admitted in the hospitals during the second wave of the COVID-19 pandemic.

Concluding thoughts

Summarising the growth outlook for Refex Industries Limited, I can say that our prime goal is to become a net-zero carbon Company, while simultaneously progressing towards becoming a completely ESG-compliant company. We would like to explore cost-effective and environmentally efficient ways of disposing off ash. To achieve this, we are expanding our presence across the value chain of thermal power plants by handling ash, providing coal yard management services, supplying coal to power plants, and undertaking Operations and Management (O&M) contracts. This would ensure sustained revenue visibility and improved margins for the Company. Hiring the best talent from across the nation from élite educational institutes and nurturing them in our culture of 'People & Positivity' will ensure our achievement of newer milestones.

I would like to sincerely thank all my Board of Directors for providing strategic guidance to the Company even during the turbulent times while helping the Company advance towards the business goals. I also thank all the managers and employees for their undeterred passion and perseverance towards their duties that enabled the Company to serve the clientele in the best possible manner. I extend my gratitude to all the shareholders for showing their confidence in our vision and giving sustained support to our actions to realise that vision.

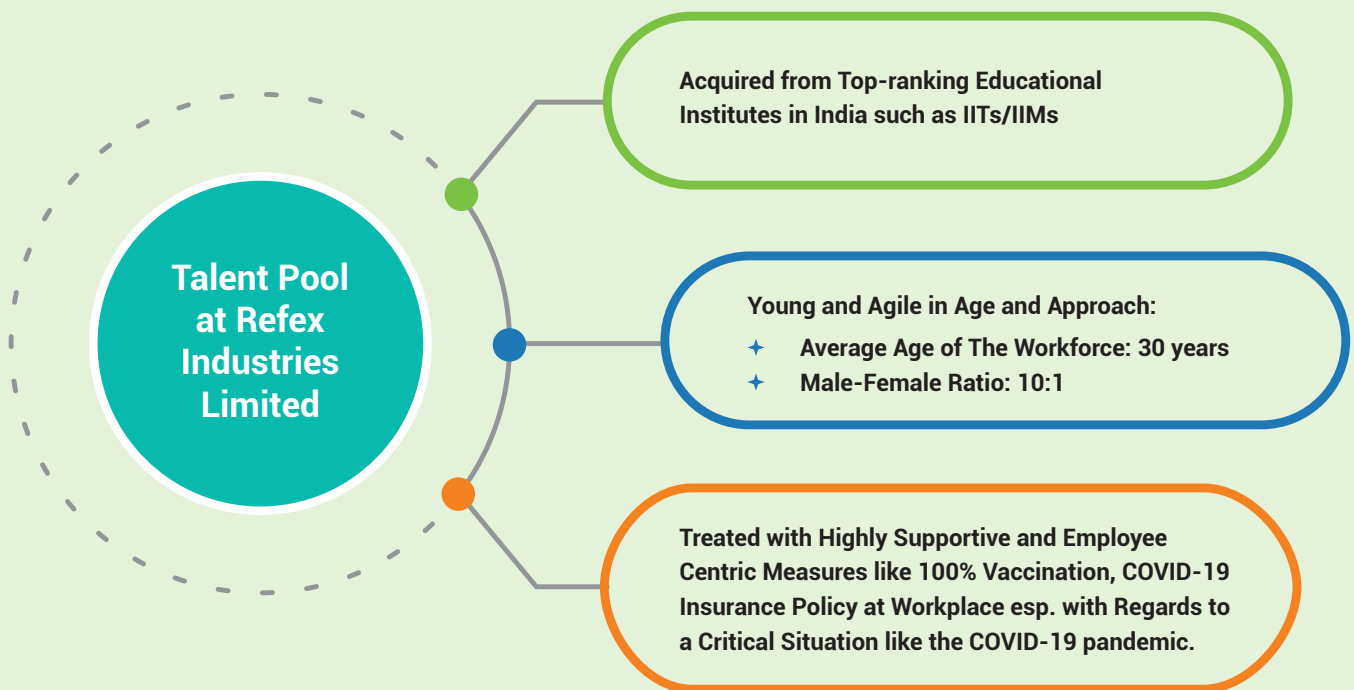

Regards,

Anil Jain

Chairman & Managing Director

RESILIENT BY NATURE. ROBUST BY PEOPLE.

At Refex, we strongly uphold the value of 'People First'. In our organisation, we believe in adopting an innovative approach to turn challenges into opportunities by channelising our human talent pool's innate creativity and leadership skills. Our business verticals, being environmentally sensitive, keep facing newer challenges in terms of product innovation or business practices. However, with our talented and committed task force, we can stay ahead of the curve and enhance the competitiveness and sustainability of our business models and make them more environmentally considerate.

With the right set of people and policies in place, we have created the following innovative solutions in response to the existing and potential business challenges.

COAL & ASH HANDLING

Challenge:

Under our ash handling vertical, we dispose off the fly ash generated out of burning of coals in the power plants. 30-35 Percent of the burning coal is ash which is full of heavy metals and toxins. Even during the process of disposal, it can pollute air, water bodies and land. We supply this ash as raw material to cement manufacturers for PPC cement or as raw material for paver blocks and bricks .

However, the principal challenge is to dispose off the ash without causing much environmental damage or without putting financial strain on the Company.

Innovative Solution:

We have successfully tested 'Reverse Logistics' model to deliver the ash to cement companies and soon, we intend to adopt that on a wider scale.

Under this model, we use the same rail racks that deliver coal to the power plants, refill them with ash and deliver to the cement companies.

This ensures that the freight cost is reduced and the number of vehicles that would otherwise have been required to pick-up ash are lowered, leading to environmental sustainability. The possibility of ash spilling on the highways is also averted.

We are also collaborating with students across various IITs to develop other viable commercial applications for the fly ash. The avenue of filling mines with ash has also been explored and contracts for the same are underway.

REFRIGERANT GASES

Challenge:

The Chlorofluorocarbons (CFCs) and Hydrochlorofluorocarbons (HCFCs) have been identified with high Global Warming Potential (GWP) and hence have been increasingly phased out from their use as refrigerant gases worldwide. In fact, CFCs are completely banned in India as well as many other developed countries.

Hydrofluorocarbons (HFCs) are being used on a wide scale as environment-friendly substitute for CFCs and HCFCs. Refex is a premium brand and one amongst the market leaders in this segment.

However, HFCs also have GWP potential. It is estimated that even the use of HFCs will have to be phased out over next couple of decades.

Innovative Solution:

Refex Industries Limited is prepared for a nationwide launch of Zero Global Warming Potential (Zero GWP) gases in next 12 to 18 months.

This launch will provide us an early mover advantage in Zero GWP space and help establish our market dominance.

Material Changes and Commitments, if any, affecting the Financial Position of the Company

There were no adverse material changes or commitments occurred between the end of financial year and date of this report, which may affect the financial position of the Company or may require disclosure.

COVID-19 pandemic continues to spread across many parts of the world including India. This has impacted all the businesses worldwide during Financial Year 2020 -21. The impact of COVID-19 pandemic may be different from that estimated as at the date of approval of standalone and consolidated financial statements.

DIRECTORS' REPORT (Contd.)

Considering the continuing uncertainties, the Company continues to closely monitor any material changes in future economic conditions. The duration and severity of COVID-19 pandemic and the disruption caused to global economic and business environment cannot be reasonably estimated. The extent of impact of this pandemic on Company's business operations, cash flows, future revenue, assets and liabilities will depend on numerous evolving factors that currently cannot be reasonably assessed.

In the backdrop of above, the Company has made assessment of the recoverability and carrying value of its assets, inventories, receivables, and other current assets and on the basis of evaluation, the Company is of the view that there are no material changes and commitments affecting the financial position of the Company between the end of the financial year and the date of this report. The impact on the financial results for the Financial Year ended March 31, 2021 because of any events and developments beyond the date of this report may differ from that estimated as at the date of approval of these financial results and will be recognised prospectively.

Given the criticalities and uncertainties associated with nature, condition and duration of COVID-19, the impact assessment on the Company's financial health will be continuously made and provided for as required.

Further there was no change in the nature of business of the Company during the period under review.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Global Economic Overview

COVID-19 wreaked havoc across the globe with an impact on lives and livelihood, both. The pandemic-induced mobility restrictions deteriorated the global economic health, production, transaction, supply-chain, and everything else in between. The world became a virtual place, as we all remained physically isolated. The global scale of this unforeseen pandemic disrupted the supply chain entirely and led to a 3.5 percent contraction in the global economy.

A significant liquidity loss, rising unemployment, disruptions in transportation and manufacturing industries had been rampant in the wake of the pandemic. Despite the governments of the world raising their investments generously to aid the wound, even surpassing USD 10 trillion in global allocation and providing exquisite monetary and fiscal policy support, the economic damage is yet to be contained fully. While there was a significant rebound from the pandemic's hit, an uncertainty looms over the global outlook. Resurging COVID-19 waves impeded the recovery. The damage caused by the newer mutants has even led to reinforcement of lockdown measures, which has further weakened the sluggish momentum.

The global economy is expected to rebound with a growth of 5.5 percent in 2021, moderating to 4.2 percent in 2022, as can be seen from the graph below. This improvement has been largely due to the pace of vaccine rollouts and policy support.

WORLD ECONOMIC OUTLOOK UPDATE JANUARY 2021

GROWTH PROJECTIONS

(Source: <https://www.imf.org/en/Publications/WEO/Issues/2021/01/26/2021-world-economic-outlook-update>)

Vaccine roll-outs, although uneven, are paving way for economic upturn. Companies across the globe are now comfortable working around the pandemic's restrictions with virtual and social distancing measures in the mix. However, the prospects of sustainable growth are heterogenous and differ for each country and sector, with emerging countries projected to record a growth of 6.3 percent in 2021. The per-capita income in most EMDEs would likely remain below pre-pandemic peaks for an extended period. The progressive

trajectory many developing countries had impressed with before the COVID-19 catastrophe has now been lengthened. For various countries, the race to catch up with more advanced economies has gotten tougher, with some even farther now than they were previously.

While many economies are on the path to recovery backed by their efforts towards virus containment, vaccination drives, stimulus packages, etc., the outlook remains challenging on account of divergence in the shape and pace of recovery as well as the potential for medium-to-long term economic scarring from the crisis. All this is notwithstanding the newer variants of COVID-19, that can yet derail all the progress being made world over.

Indian Economic Overview

The Indian Government enforced strict nationwide lockdown measures in 2020 to curb the spread of COVID-19, which disproportionately impacted industries as well as livelihoods of millions of people. However, post a complete absence of movement in Q1 and Q2 of 2020-21, the remaining year had seen a far more relaxed environment and development of home-grown vaccines. As trade commenced and the vaccination efforts began, there was a quick noticeable recovery.

In 2021-22, the Indian economy is expected to grow at 9.5 percent driven by growth in private investments stimulated by reforms, pent-up demand of high and mid-income consumers, and fiscal spending on building assets and infrastructure. However, the growth was dampened by a resurgence of the virus in the first quarter of 2021. Although, this time around, no central government lockdowns were proposed, many state governments had to place stringent lockdowns in place to prevent further rise in the cases. However, this hasn't had a major effect on the capital market liquidity and other fiscal factors. As of now, the growth remains hopeful and on track with slight disruptive backdrop of the second wave.

Going ahead, the recovery momentum faces risks in the form of dependency on availability of vaccines and the emergence of subsequent waves of the virus. Higher inflation levels, unemployment, poor wage growth, and low asset values are bound to negatively impact the purchasing power of consumers.

India is precariously placed with a healthcare deficit considering the gigantic population. The Challenge was overwhelming – India had to vaccinate 4x the number of people compared to USA or 1.5x the population of Europe, with a small fraction of the infrastructure available at its

disposal. However, taking up the challenge, India has sped up its vaccination efforts even surpassing one Crore vaccines being registered in a single-day

Even as the Indian economy faces multi-dimensional challenges in the short term, it remains one of the most dynamic major economies in the world with huge potential. With structural drivers of growth firmly in place, the pace of economic growth is expected to pick up over time.

Industry Overview

Refrigerants

The refrigerant market is expected to grow at around 8.5 percent per annum till 2026 and at around 7 percent from 2027 onwards, given the escalating demand for Heating, Ventilation, and Air Conditioning (HVAC) in the residential sector. This growth is expected to mark an increase in emissions due to high Global Warming Potential (GWP) refrigerant usage and electricity consumption.

As per the Montreal protocol, India is allowed to use the current range of products without any restrictions until 2030-31 and start phasing down of Hydrochlorofluorocarbons (HCFCs) from 2032. This leaves adequate transitioning timeframe for technology development and commercial-scale production of zero to low-GWP products. India has already embarked on the path of promoting low-GWP Hydrofluorocarbon (HFC) based refrigerants, such as HFC32 and R290. A large-scale transition to next-generation low-GWP HFC products is on the rise despite technological and market barriers. Awareness of the adverse effects of refrigerants on the environment is leading to the development of energy-efficient systems in domestic and industrial sectors.

In the long run, natural refrigerants in the form of HCs and HFOs are being favoured given the tremendous potential they have to offer as climate-friendly replacements for HFCs. As the market warms up to the idea of HCs, the industry will find greater clarity in adopting HC-based refrigerants in the coming decade. Overall, initiatives to increase manufacturing capacity in the country are being favoured, for both refrigerants as well as energy-efficient cooling equipment.

Fly Ash

During the last few decades, there has been a dramatic increase in ash production due to increased amounts of energy being generated by coal-fired power plants. The fly ash market is estimated to register a CAGR of 4 percent in 2021-22, primarily due to the rapid growth of construction industry, both in residential and transportation sectors. This

is because fly ash, a by-product of the process of burning coal in the thermal power plants, is chiefly used as a raw material in the production of PPC Cement, paver blocks, and bricks. The policy support from the Government in promoting the usage of fly ash is significantly driving the market. As per the Government norms, 100 percent of fly ash produced in thermal plants has to be utilised within 4 operational years. Along with domestic consumption, the Government is additionally seeking potential overseas off-takers in the West Asian region for fly ash usage.

Growing preference for greener substitutes is another major driving factor. Ash doesn't just stop at contributing to conservation of soil, but, it also doesn't emit greenhouse gases during the production process and thus, has environmental benefits. Major application of fly-ash remains in Portland cement (25 percent). Bricks and tiles respectively utilise over 10 percent and 15 percent of fly ash, which is used for the reclamation of low-lying areas as a substitute of sand/soil. Fly ash is also used in the construction of roads, flyovers, and embankments and in raising ash dykes. It is used in the backfilling of open cast mines and stowing of underground mines. Along with these, applications of fly ash in agriculture and decorative glass are likely to grow in the near future.

Coal

With the Government's commitment towards electrifying even the remotest Indian areas, there are more opportunities for the coal sector in the future. Coal-based power generation has been the backbone of power capacity and currently represents 70 percent of country's total power installed capacity. Increasing share of coal in power generation is expected to drive the coal market. In order to achieve the economic growth of 8-9 percent, the country's total coal demand, has been forecasted to increase from ~ 730 million tons in 2010-11 to ~ 2000 million tons in 2031-32 of this approx. 75 percent of this coal would go to thermal power plants alone.

Even as the Indian government strives to meet bold renewable energy targets, coal use is expected to increase as India's overall energy demand grows. With a robust domestic supply chain and ample capacity available to ramp up coal use at existing power plants, India could burn through a lot more of the resource without having to build any new generating stations.

Solar

Indian economy has made significant progress in the successful implementation of a wide range of electricity market reforms and deployment of renewable sources of energy to produce clean and sustainable electricity. Decreasing costs of installations of solar power is driving the market.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

The Government of India aims to achieve 175 GW of renewable energy capacity, consisting of 100 GW solar power, 60 GW wind energy, 10 GW bio-power and 5 GW hydro power by the year 2022. Besides, Investment Information and Credit Rating Agency (ICRA) has forecasted an investment of ₹ 1.8 trillion in the power transmission segment over a period of five years from 2020-21 to 2024-25, indicating an optimistic outlook for the sector.

Company Overview

Refex was incorporated on September 13, 2002 and is an ISO 9001:2015 and ISO 14001:2015 Company. It is a public limited company with equity shares listed on the BSE Ltd. and the National Stock Exchange (NSE) both.

The core business of Refex is refilling non-ozone depleting refrigerant gases popularly known as Hydrofluorocarbons (HFCs), which unlike regular refrigerants, are eco-friendly and do not deplete the ozone layer. These gases are primarily used as refrigerants, foam blowing agents, and aerosol propellants in automobile air conditioners, room air-conditioners and refrigerating equipment. With its inception in 2002, the Company successfully broke the monopoly that existed in controlled refrigerant market.

In November 2011, the Company forayed into solar energy generation and distribution, by running a solar power plant at Barmer district in Rajasthan.

The Company harnessed its market reputation and well-established leadership in refrigerant gases to extend its management expertise and offer services in coal trading, handling of fly ash, and coal yard management to multiple thermal power plants.

Across all business segments, Refex Industries Limited (RIL) has consistently delivered out-of-the-box innovation coupled with positive financial sustainability, at every step of the way.

Refrigerant Gases

The Company is primarily engaged in re-filling of Hydrofluorocarbons or HFCs, which are replacements to the ozone depleting Chlorofluorocarbons or CFCs and Hydrochlorofluorocarbons or HCFCs. CFCs are already banned in India, while HCFCs are being banned in a phased manner from 2020 onwards, as per the implementation schedule of Montreal protocol for the developing countries.

Owing to this phase-out of HCFC gases, there is immense potential for Refex to acquire additional market share from domestic manufacturers for HFCs.

The Company's plant for refilling gases is located at Thiruporur, about 40 kms from Chennai, and has distribution

outlets setup in Andhra Pradesh, Delhi, Maharashtra, Chhattisgarh, etc. The Company is the first to launch 450 ml cans, first to setup refilling plants at automotive Original Equipment Manufacturer (OEM) premises, and was also the first to launch blended gases in the country. Given the focus on innovation since inception, the Company's products are clearly distinguished and hence command a price premium over all existing brands. Margins are improving as the demand for these gases is rising sharply in extreme weather conditions. During 2020-21, the Company recorded a collective sale of 565.4 MTs for different gases against the installed capacity of 2,000 MTs. The business has recorded a revenue of ₹ 17.1 Crore in this fiscal and is aimed at multiplying five-fold in the successive years.

The Company is currently focused on retail and after-markets, wherein there is a tremendous growth due to increase in sales of cars and air-conditioners. The Company is working on strengthening its dealer's network pan India and entering new territories. To help reduce delivery time substantially and better service the Northern parts of India, the Company has set up a warehouse in Delhi for the storage of refrigerant gases. Further, the Company is focused on OEMs and bagging heavy contracts from Government sectors, mainly from the Customs' department.

To further enhance global growth, the Company has begun to expand its digital presence. The Company successfully launched two new products (R600 and R152a), which have low GWP and are replacements to R12 and R22 respectively, in canned form in this fiscal.

However, the Company is largely dependent on foreign countries, specifically on China for the supply of raw materials. Any political tensions between India and China will adversely affect the import of the raw materials, and eventually the cost structure and bottom line of the Company. Additionally, anti-dumping duty on all fast-moving refrigerants negatively impacts the import of refrigerant gases. Fluctuations in foreign exchange coupled with instability in the global economy are bound to further deteriorate the situation.

Although HFCs are permitted in the current scenario in India, they would also be subjected to phase-outs in the next 20-25 years to sustainable alternatives. To combat the same, the Company is associated with various technical institutions in the research and introduction of new refrigerant gases with Zero Global Warming Potential (Zero GWP), thereby playing to the strengths of being an early mover in commercialising such products and working towards a CO2 free world.

Coal Trading, Coal Crushing, and Coal Yard Management Services

The Company ventured into coal with power plants in Chhattisgarh and Maharashtra. Quality coal is sourced

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

from domestic traders and is offered to the power plants at extremely competitive prices. In 2020-21 alone, the Company traded 11,57,546 MTs of domestic and imported coal amounting to a revenue of ₹ 440 Crore.

Apart from trading, the Company also provides coal crushing and coal yard management services. In coal crushing, uncrushed coal from trucks is first stored in the coal yard in the form of heaps. This coal is then transported and fed into the track hoopers at the Coal Handling Plant area. The coal in uneven size and shapes doesn't pass through the grizzly. Hence, it is broken to smaller sizes before it goes through. These services are provided round the clock to ensure sufficient supply of coal for an unhindered functioning at the power plant. We also provide housekeeping services in the Coal Handling Plant (CHP) areas, for instance, the conveyor belt surrounding areas, cable trays, trenches, drains, sump pit, where spilled coal is to be collected and shifted manually with adequate manpower to ensure the equipment works uninterruptedly.

Refex has recently forayed into the space of mining development. The Company is currently involved in the removal of over-burden work from a captive Lignite mine in Rajasthan. Refex has excavated over 2.5 million cubic meters of over-burden so far. The Company is also looking towards obtaining coal mining contracts from Coal India and Government organisations.

With the growing energy demand in India, 70 percent of which is met through coal-based thermal power plants alone, demand for coal isn't about to dampen. This provides a huge market for Refex Industries Limited in procuring and trading coal to these power plants.

However, it is prudent to note that most power plants are currently financially stressed, which poses a threat of delayed payments and/or cancellations of work orders. The Company mitigates such cancellations by means of clauses and notice periods in the work orders, yet there is still a heavy dependency on each of these thermal power plants. In view of spanning the entire value chain of thermal power generation, the Company is planning to venture into acquisitions of such thermal power plants.

Handling and Disposal of Fly Ash

Consequent to the business of coal trading, the Company also ventured into handling and disposal of ash from power plants. Ash is the by-product of coal burning, which is a fuel to all thermal power plants. 30-35 percent of this burnt coal constitutes residual ash, which is metal and toxin-heavy, and improper handling of the ash causes air, land, and water pollution.

During the running of a power plant, ash is continuously produced and stored in silos, which have to be simultaneously evacuated. The fly ash from the silos is a raw material required for the production of PPC cement, manufacturing of bricks, concreting of infrastructure projects like roads, bridges, etc. This fly ash from the silos is transported in closed bulkers to the cement factories. The excess undisposed ash from the silos is then sent to the ash dyke from where trucks carry the ash for mine reclamation, filling of low-lying areas, embankments etc. as per the guidelines of Ministry of Mines and Ministry of Environment and Forests (MoEF). Currently, Refex Industries Limited is the largest supplier of ash to Ambuja Cement, Shree Cement, Ultratech Cement, and Adhiraj Cement in Chhattisgarh and Maharashtra. The Company is identified as the single largest organised ash handler in India with annual disposal of 36,63,359 MTs of ash, bringing in a revenue of ₹ 74.8 Crore in the 2020-21 fiscal.

Given the boost in infrastructure in both public and private domains across India, there is a huge demand for fly ash from cement companies. The Company's close-ties with cement companies and power plants ensure securing multitude of contracts in the ash management space. The Company strategically chooses which of these power plants to work with, based on the abundance and availability of abandoned mines in the vicinity. The Company is in the process of setting up material unloading facilities, the destination, and also, transportation through rail racks on a regular basis, which would significantly bring down our expenditure. The Company is currently exploring advancements in fly ash-based technologies and alternate avenues in the utilisation of fly ash.

Solar Business

In view of meeting the energy needs of future, which would be clean, environment-friendly and sustainable, the Company entered a power-purchase agreement with NTPC Vidyut Vyapar Nigam Limited. Dated October, 2010, the collaboration will be with regards to the power to be generated at Barmer District, Rajasthan. The Company has set up a 5MW solar power plant in the leased land taken from the Government of Rajasthan, while entering into a Solar Energy Equipment Operation Lease Agreement with Essel Mining Limited. The solar operations generated a revenue of ₹ 12.3 Crore revenue in the 2020-21 fiscal.

With the Indian government promoting aggressive solar energy usage, the Company is uniquely positioned to convert the opportunity into a sustainable competitive advantage in the near future. The Company plans to install and acquire multiple solar power plants to add to the portfolio and provide round-the-clock power to consumers, inclusive of solar and thermal power.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

Business Risks

Refex Industries Limited, in the normal course of its business, envisages the materialisation of the following risks and proposes the following mitigation strategies for the same:

Risks	Mitigation Strategy
Risk of business disruptions due to impending waves of the COVID-19 pandemic	<p>The Ash Disposal vertical falls under the 'Essential services' category and isn't affected by mobility restrictions at the behest of the pandemic.</p> <p>The Company faced multiple disruptions due to staff contracting COVID-19. As a mitigation strategy, we realised that the only way to contain internal fall-outs was to vaccinate all our staff and their families. Refex was amongst the first organisations to ensure over 90 percent vaccination of all our staff and their families. We are keenly following Government directives regarding the pandemic and ensure compliance of the same too.</p>
Risk of slow-down in allied industries such as automobiles and Fast-Moving Consumer Durables (FMCD) due to business and economic cycles and repercussions thereof on the Company's business	<p>While such slowdowns have impacted the Refrigeration Gases' business, we are hopeful the rebound will be much quicker.</p> <p>Also, the revenge buying patterns being noticed will push up demand further.</p> <p>At our end, we have ensured, we do not face supply disruptions and are amply prepared to handle the increased demand scenario.</p>
Risk of non-compliance or delay in compliance with mandatory Government requirement of licenses with respect to refrigerant gas' division	<p>The Company ensures timely compliance with all the regulatory requirements.</p> <p>We have enabled all our Staff to Work-from-home, with all implements and tools to be able to perform their duties.</p> <p>All compliance activities, license renewals, inspections etc., work as mandated. We are, furthermore, engaging in pro-active discussions with our vendors, inspection agencies, and other stakeholders to schedule and conduct their inspections, in order to meet compliance obligations.</p>
Risk of departure of Key Managerial Personnel (KMP)	<p>We have implemented a unique role-rotation policy, where all the key managerial personnel are involved in management of critical business and management functions.</p> <p>We have ensured all staff and their families are vaccinated. We are at the 90 percent mark currently and hope to achieve 100 percent vaccination status for Staff and their immediate families shortly.</p> <p>We have initiated a Directors and Officers (D&O) Liability insurance for KMPs to handle negative obligations in a non-impacting manner.</p> <p>We are exploring the modalities involved in implementing an Employee Stock Ownership Plan (ESOP) scheme, to ensure continuity of our KMPs.</p> <p>Furthermore, we are actively engaged in broad basing and augmenting our leadership teams to bring the best potential out from our people and lead the business onwards.</p>

Internal Control System

Refex's stringent internal control systems and procedures are well-defined and commensurate with the size and nature of the business to provide reasonable assurance that all assets are safeguarded; transactions are authorised and reported properly. All applicable statutes, code of conduct, and corporate policies are duly complied with. The internal Audit Division reviews the adequacy and efficiency of the internal controls. The scope of the Audit activity is guided by the Annual Audit Committee of the Board. The Audit Committee reviews the reports of the Internal Auditors and provides guidance.

Human Resource Development

The Company provides a diverse and inclusive work environment. It is the policy, practice, and aim of the Company to provide employment opportunities to all qualified persons on an equal basis. The Company does not discriminate against any employee or applicant for employment on the basis of race, religion, disability, ethnicity, marital status or any other characteristic protected

MANAGEMENT DISCUSSION AND ANALYSIS REPORT (Contd.)

by law. The Company does not employ or engage child labour. Reflex provides training, education, and promotion opportunities that permit development and career advancement to the Company's work force, and wellness programmes too, since we maintain that the employees are the backbone of any company. As concerned employers, we make sure all our workers are evaluated periodically. Policies on human rights including the code of Ethical Business Conduct, Anti-Sexual Harassment and Whistle-Blower Policies along with the group Business Responsibility Policy cover all aspects on human rights for us as employers and also extend to all stakeholders of the Company. Reflex follows an extensive performance management system to review the performance of its employees, senior management, and provide rewards on the basis of meritocracy.

Financial Performance

An overview of the financial performance vis-a-vis the previous year is given separately in the Directors Report.

Segment-wise Performance

The respective segments' quantitative performance vis-a-vis the previous year are furnished hereunder:

(₹ In Lakhs)

Particulars	Year Ended March 2021	Year Ended March 2020
Coal Trading	11,57,546 MT	7,78,878 MT
Solar Power: Generation & Related Activities	83,41,950 U	84,17,700 U +13,22,560 WP
Refrigerant Gases	5,65,402 kgs	5,33,377 kgs
Ash Handling	36,53,369 MT	17,15,360 MT

The following are some of the most significant changes in the key financial ratios of the Company in 2020-21:

Sr. No.	Ratios	2020-21	2019-20	Deviation	Explanation
1	Current Ratio (times)	1.32	2.15	-38.35 percent	A 38 percent+ negative deviation in the current ratio is due to higher liquidity in the preceding financial year in comparison to the liquidity crunch faced in the current financial year because of COVID.
2	Debt Equity Ratio	NA as debt is negligible	NA as debt is negligible	-	No material deviation
3	Net Profit Margin (percent)	6.43 percent	4.97 percent	29.30 percent	Net Profit Margin has improved during the year. This can be attributed to a change in the product mix of Sales. Higher sales/revenue has been generated during the current period from items, whose margins were higher.
4	Return on Net worth (percent)	29.34 percent	43.63 percent	-32.75 percent	Decrease in Return on Net worth is mainly due to increase in capital base because of Rights Issue. The money raised in Rights Issue ₹ 2487.08 Lakhs constitutes 33% of FY 2019-20 net worth.

FINANCIAL STATEMENTS: 51 - 137

INDEPENDENT AUDITOR'S REPORT

To the Members of M/s. Refex Industries Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the standalone financial statements of Refex Industries Limited ("the Company"), which comprise the balance sheet as at March 31, 2021, and the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and profit and loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and

fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

INDEPENDENT AUDITOR'S REPORT (Contd.)

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on 31st March, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements as mentioned in Note No: 28
 - ii. The Company had made provisions, as required under the applicable law or accounting standards, for material foreseeable losses, if any long-term contracts including derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- B. With respect to the matter to be included in the Auditors' Report under section 197(16):
- In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

ANNEXURE TO THE INDEPENDENT AUDITORS' REPORT

The Annexure referred to in Independent Auditors' Report to the members of the Company on the standalone Ind AS financial statements for the year ended March 31, 2021, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three years. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of immovable properties are held in the name of the company.
- ii. The inventory has been physically verified during the year by the Management. In our opinion, the frequency of verification is reasonable. The discrepancies noticed on verification between the physical stock and book records such were not material.
- iii. (a) The Company has not granted any loans, secured or unsecured to Companies, Firms, LLP or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act') except for loans granted during the year for business purposes. The year-end balance of which is Nil. In our opinion the grant of such loans is not prejudicial to the interest of the company.
- (b) In our opinion and according to the information and explanations given to us, the terms of repayment of the loan and payment of interest have not been stipulated; however, they are repayable on the mutual agreement of both the parties involved.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 of the Act to the extent the loan which was granted and repaid during the year.
In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 186 of the Act, with respect to the loans and investments made.
- v. The Company has not accepted any deposits from the public.
- vi. The Central Government has not prescribed the maintenance of cost records under section 148(1) of

the Act, for any of the goods manufactured and services rendered by the Company.

- vii. (a) According to the information and explanations given to us and on the basis of our examination of the records of the Company, amounts deducted/accrued in the books of account in respect of undisputed statutory dues including provident fund, income-tax, Goods and Services Tax, value added tax, duty of customs, service tax, cess and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. As explained to us, the Company did not have any dues on account of employees' state insurance and duty of excise.

According to the information and explanations given to us, no undisputed amounts payable in respect of provident fund, income tax, Goods and Services tax, value added tax, duty of customs, service tax, cess and other material statutory dues were in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.

ANNEXURE - A

TO THE AUDITORS' REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Refex Industries Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of

internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone IND AS Financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**“ANNEXURE – A”
TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS
OF REFEX INDUSTRIES LIMITED (Contd.)**

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial

reporting issued by the Institute of Chartered Accountants of India.

STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

A. CORPORATE INFORMATION:

Refex Industries Limited (Refex), From realising the commercial potential of HFC gases and diversifying into refrigerant gases, Refex Industries Limited (Refex) has consistently delivered out-of-the-box innovation coupled with positive financial sustainability, at every step of the way. With its inception in the year 2002, Refex Industries successfully broke the monopoly that existed in the controlled refrigerant gas market. After its well-established leadership in refrigerant gases, Refex now brings its delivery expertise in offering services like coal trading, coal yard management and coal ash handling to thermal power plants.

Refrigerant Gas:

Refex Industries Limited (REFEX) is a specialist manufacturer and re-filler of Refrigerant gases, particularly, environmentally acceptable gases that are replacements for Chloro-Fluoro-Carbons (CFC's). These are used primarily as refrigerants, foam blowing agents and aerosol propellants. It exercises superior quality control and efficiency with the help of advanced technology, Refex has been committed to being an exemplary player in terms of safety, protection of health and environment, and sustainable development.

Handling and Disposal of Fly Ash:

Ash is the by-product from the burning of coal which is the fuel to the thermal power plants. 30-45% of the burnt coal is ash. This ash is full of heavy metals and toxins which if not handled properly could pollute air, land and water bodies.

During the running of a power plant, ash is continuously produced and stored in silos which have to be continuously evacuated. The fly ash from the silos is a raw material required for the production of PPC cement, manufacturing of bricks, concreting of infrastructure projects like roads, bridges etc. This fly ash from the silos is transported in closed bulkers.

The excess undisposed ash from the silos is then sent to the ash dyke from where it is evacuated by filling in trucks for mine reclamation, filling of low lying areas, embankments etc. as per the guidelines of Ministry of Mines and Ministry of Environment and Forests (MoEF).

Round the clock services for coal yard management, shifting of uncrushed coal and Housekeeping Works:

With immense experience in handling ash in large number of trucks and bulkers, company have ventured into providing coal yard management services.

Uncrushed coal from trucks is first stored in the coal yard in the form of heaps. This coal is then transported

and fed into the track hoppers at the Coal Handling Plant area. The un-sized coal which doesn't pass through the grizzly is broken to smaller sizes before it goes through. These services are provided round the clock to ensure sufficient supply of coal to run the power plant uninterruptedly.

The Company also provide housekeeping services in the coal handling plant (CHP) areas like in the conveyor belt surrounding areas, cable trays, trenches, drains, sump pit where spilled coal is to be collected and shifted manually with adequate manpower to ensure the smooth functioning of the equipment.

Coal Trading:

The Company source quality coal from domestic and international players and offer at competent prices to the power plants.

With a boost in infrastructure in India, Refex foresees a tremendous growth in all the business segments.

B. SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of financial statements

- **Statement of Compliance**

The financial statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015.

- **Preparation and compliance with Indian Accounting Standards (IND AS)**

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Standalone financial statements is determined on

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

such a basis, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

- **Historical Cost convention**

The financial statements have been prepared under historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies, which have been measured at fair value.

- **Current / Non-Current classification**

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

- **Revenue recognition**

Revenue from Sales of goods and Electricity

The company manufactures and sells a range of refrigerant gases and generates electricity. Sales

are recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. In case of electricity, sales are recognised when power generation is passed on to the electricity grid.

Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the customer has objective evidence that all criteria for acceptance have been satisfied.

Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

No element of financing is deemed present as the sales are made with the credit term, consistent with market practice.

A receivable is recognised when the goods/ electricity are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue from sale of services

Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. The proportion of service rendered is determined by cost involved for the project as against total cost. Any promise made in the contract, which are identified distinct is accounted for as a separate performance obligation. Where the contracts include multiple performance obligations, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Where these are not directly observable, they are estimated based on expected cost-plus margin.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit and loss in the period in which the circumstances that give rise to the revision become known by management. In case of fixed-price contracts, the customer pays the fixed amount based on a payment schedule. If the services rendered by the company exceed the payment, a contract asset is recognised. If the payments exceed the services rendered, a contract liability is recognised.

Interest income:

Interest income from, if any, non-current financial assets are recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Interest income from fixed deposits in banks is recognised on time proportion basis, determined by the amount outstanding and the rate applicable.

Fair value gains on current investments carried at fair value are included in Other income.

Other items of income are recognised as and when the right to receive arises.

- **Property Plant and Equipment**
- **Tangible Assets**

Freehold land is carried as historical cost. All other items of property plant and equipment are stated at historical cost of acquisition less accumulated depreciation and amortisation and impairment. Historical cost includes purchase price, taxes and duties (Net of tax credits), labour cost and directly attributable overhead expenditure incurred upto the date the asset is ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to Profit and Loss during the reporting period in which they are incurred.

Depreciation is recognised using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with

the effect of any changes in estimate accounted for on a prospective basis. The useful lives of assets are adopted to as specified by Schedule II to the Companies Act; 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5% of the original cost of the asset.

On transition to Ind AS, Group has elected to continue carrying value of all its property plant and equipment recognised as at April 1, 2017 measured as per the previous GAAP and use that carrying value as deemed cost of the property, plant and Equipment.

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

- **Intangible assets**

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

- **Other intangible assets**

Specialised software is amortised over a period of three to six years on straight line.

Intangible assets acquired are measured at cost less accumulated amortisation and impairment losses.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods to allocate the assets' revised carrying amount over its remaining useful life.

- **Impairment of assets**

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

of assets, is considered as a cash generating unit. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

- **Capital Work in Progress**

The cost of self-constructed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets

- **Depreciation and amortisation**

Depreciation

The depreciable amount of an item of PPE is allocated on a straight-line basis over its useful life.

If part of an item of PPE with a cost that is significant in relation to the total cost of the asset and useful life of that part is different from remaining part of the asset; such significant part is depreciated separately. Depreciation on all such items have been provided from the date they are 'Available for Use' till the date of sale / disposal and includes amortisation of intangible assets. An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Depreciation is charged on pro-rata basis from the date of addition / till the date of disposal. Gains and losses on disposal of assets are determined by comparing the sale proceeds with the carrying amount. These are included in profit and loss within other income.

The residual values are not more than 5% of original cost of the asset. The asset's residual value and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

- **Borrowing costs**

The Company capitalises borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset as a part of the cost of the asset. The Company recognises other borrowing costs as an expense in the period in which it incurs them. A qualifying asset is an asset that necessarily takes a substantial period to get ready for its intended use or sale.

To the extent the Company borrows generally and uses them for the purpose of obtaining a qualifying asset, amount of borrowing cost eligible for capitalisation is computed by applying a capitalisation rate to the expenditure incurred. The capitalisation rate is determined based on the weighted average of borrowing costs, other than borrowings made specifically towards purchase of a qualifying asset.

- **Foreign currency translation**

a. Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

c. Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

- **Employee benefits**

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

- **Short Term obligations**

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

- **Post-employment obligation**

The company operates the following post-employment benefit schemes.

Defined benefit plans such as gratuity for its eligible employees and defined contribution plans such as provident fund.

Defined Benefit Plan (Gratuity)

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of assets. This

cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit and loss as past service cost.

Defined Contribution Plan (Provident Fund)

The State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

Other long-term employee benefits

The obligation for other long-term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned above.

- **Taxes on Income**

Income tax expense represents the sum of the current tax and deferred tax.

Current tax

The current tax is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and it is intended to settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Current and deferred tax for the year

Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT) is accounted as current tax when the Company is subjected to such provisions of the Income Tax Act. However, credit of such MAT paid is available when the Company is subjected to tax as per normal provisions in the future. Credit on account of MAT is recognised as an asset based on its recoverability in the future.

- **Provisions and contingent liabilities**

- **Provisions**

A provision is recorded when the Company has a present or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

- **Contingent Liabilities**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

- **Leases**

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has the right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of the right-of-use asset. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

be readily determined, the Company uses an incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

- **Cash and Cash equivalents**

Cash and cash equivalents include cash in hand, Balances in Bank and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

- **Financial assets**

- **Classification**

The Company classifies its financial assets in the following measurement categories:

- (i) Those measured subsequently at fair value through other comprehensive income (in case of investments in equity instruments) through profit and loss (in case of investments in mutual funds)
- (ii) Those measured at amortised cost

The classification is based on the Company's business model for managing the financial assets and the contractual terms of the cash flow for assets measured at fair value, gains and losses will either be recorded in profit and loss or other comprehensive income.

- **Measurement**

- **Initial Measurement**

The Company measures a financial asset at its fair value plus cost that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit and loss are expensed in profit and loss.

- **Subsequent measurement**

Investments

Fair value through Profit and loss

Assets that do not meet the criteria for amortised cost or Fair Value Through Other Comprehensive Income (FVOCI) are measured at fair value through profit and loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit

and loss and is not part of a hedging relationship is recognised in profit and loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

- **Other financial assets**

After Initial Measurement, financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium and fees or cost that are an integral part of EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

- **Impairment of financial assets**

The Company assesses on a forward-looking basis, the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk.

For trade receivables (If any), the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected credit losses to be recognised from initial recognition of the receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each Balance Sheet date, right from its initial recognition

- **De recognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when the rights to receive cash flows from the asset have expired.

- **Financial Liabilities**

- **Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities shall be subsequently measured at fair value

**STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

- **Initial recognition and measurement**

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

- **Loans and borrowings**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to interest-bearing loans and borrowings.

- **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

- **Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

- **Government grants**

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. Government grants in the nature of promoters' contribution

like investment subsidy, where no repayment is ordinarily expected in respect thereof, are treated as capital reserve.

- **Dividend to Shareholders**

Final dividend distributed to equity shareholders is recognised in the period in which it is approved by the members of the Company in the Annual General Meeting. Interim dividend is recognised when approved by the Board of Directors at the Board Meeting. Dividend distributed is recognised in the Statement of Changes in Equity.

- **Earnings per Share**

Basic earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit and loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

- **Derivative financial instruments**

The Company uses derivative financial instruments, such as forward contract to manage its exposure to foreign exchange risks. Any derivative that is either not designated as a hedge or is so designated but is ineffective as per Ind AS 109, is categorised as a financial asset or financial liability, at fair value through profit and loss. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit and loss and the resulting exchange gains or losses/ fair value changes are included in Statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realised within 12 months after the balance sheet date.

- **Segment Information**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker ("CODM").

STANDALONE NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)

The board of directors of the Company assesses the financial performance and position of the Company, and makes strategic decisions. The board of directors has been identified as being the CODM.

- **Prior Period**

Errors of material amount relating to prior period(s) are disclosed by a note with nature of prior period errors, amount of correction of each such prior period presented retrospectively, to the extent practicable along with change in basic and diluted earnings per share. However, where retrospective restatement is not practicable for a particular period then the circumstances that led to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes to Accounts.

- **Cash flow statement**

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of no cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year is classified by operating, investing and financing activities.

- **Critical Estimates and Judgements**

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amount of assets and liabilities as of the balance sheet date and reported revenue and expenses for the year and disclosure of contingent liabilities as of the date of balance sheet. The estimates and assumptions used in the accompanying financial statements are based upon the management's evaluation of the relevant circumstances as of the date of financial statements. Actual amounts could differ from these estimates.

This note provides an overview of the areas that involve a higher degree of judgment or complexity, and of items which may be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed in about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation of each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

- i. Estimation of current tax expense and payable – Note 5 in notes to accounts
- ii. Estimation of defined benefit obligation – Note 33 in notes to accounts
- iii. Estimation of useful life of Property, Plant and Equipment and Intangibles.

AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

b. Fair Value Hierarchy

- **Level 1** - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

c. Valuation Technique used to determine Fair Value:

The carrying amount of current financial assets and current trade and other financial liabilities measured at amortised cost are considered to be the same as their fair values, due to their short term nature. The carrying amount of Security Deposit measured at amortised cost is considered to be the same as its fair value due to its insignificant value. The carrying value of Rupee Term Loan and Term loan from related parties' approximate fair value as the instruments are at prevailing market rate.

32. FINANCIAL RISK MANAGEMENT

The Company's activities expose to limited financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

Market risk

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument.

The company is exposed to market risk primarily related to foreign exchange rate risk (currency risk), Interest rate risk and the market value of its investments.

Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. It principally arises from the Company's Trade Receivables, Retention Receivables, Advances and deposit(s) made

Trade receivables

The company has outstanding trade receivables amounting to ₹ 92,95,78,589.66 as at March 31, 2021 & ₹ 72,27,26,787.61 as at March 31, 2020 respectively. Trade receivables are typically unsecured, except for security deposits received from the new dealers and are derived from revenue earned from customers. Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Default on account of Trade Receivables happens when the counterparty fails to make contractual payment when they fall due.

Further for amounts overdue are constantly monitored by the management and provision towards expected credit loss are made in the books. Management estimated of expected credit loss for the Trade Receivables are provided below with the classification on debtors.

Particulars	Overdue period							
	0-30days	30-60days	60-90 days	90-120 days	120-180 days	180-360 days	360 days– 3 Years	> 3 Years
Trade Receivables	3.00%	3.00%	3.00%	5.00%	10.00%	10.00%	100%	100.00%

The above % has been arrived by taking a simple average of 3 Variants as prescribed by the standard. The 3 variants are arrived on by the management on the basis of Conservative, Moderate and aggressive estimates.

Reversal of Excess Provision	-
As at March 31, 2021	295.04

Trade receivables are impaired in the year when recoverability is considered doubtful based on the recovery analysis performed by the company for individual trade receivables. The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality.

Liquidity Risk

Our liquidity needs are monitored on the basis of monthly and yearly projections. The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations, Term loan from Banks, and Contribution in the form of share capital. We manage our liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consist mainly of sundry creditors, expense payable, employee dues, repayment of loans and retention & deposits arising during the normal course of business as of each reporting date. We maintain a sufficient balance in cash and cash equivalents to meet our short-term liquidity requirements.

We assess long term liquidity requirements on a periodical basis and manage them through internal accruals. Our non-current liabilities include Long term secured loan from Banks, Lease liability and other long term provisions.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities. The table have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay.

The table include both principal cash flows.

INDEPENDENT AUDITOR'S REPORT

To the Members of M/s. Refex Industries Limited

REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Consolidated financial statements of Refex Industries Limited (hereinafter referred to as "the Holding Company") and its subsidiary (the Holding Company and its subsidiary together referred to as "the Group), which comprise the Consolidated balance sheet as at March 31, 2021, and the statement of Profit and Loss, and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and loss, and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act,

2013 ("the Act") with respect to the preparation of these consolidated financial statements that give a true and fair view of the financial position, consolidated financial performance and consolidated cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the group are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Our Opinion on the consolidated financial statements, and our report on other Legal and Regulatory Requirements above, is not modified in respect of the above matters with respect to our reliance on the work done on the reports of the other auditors and financial statements and other financial information certified by the Management.

INDEPENDENT AUDITOR'S REPORT (Contd.)

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law relating to preparations of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss, and the consolidated statement of Cash Flow Statement dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors of the Holding company as on March 31, 2021 taken on record by the Board of Directors of the Holding company and the report of the statutory Auditors of its subsidiaries incorporated in India, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The holding company had disclosed the impact of pending litigations as at March 31, 2021 on its consolidated financial position in its consolidated financial statements as mentioned in Note 28.
 - (ii) The holding Company had made provisions as required under the applicable law or accounting standards, for material foreseeable losses, if any long-term contracts including derivate contracts.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the holding Company.

“ANNEXURE – A”

TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF REFEX INDUSTRIES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Refex Industries Limited (“the Company”) as of 31 March 2021 in conjunction with our audit of the Consolidated Ind AS financial statements of the Holding Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over

financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated IND AS Financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**“ANNEXURE – A”
TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS
OF REFEX INDUSTRIES LIMITED (Contd.)**

Opinion

In our opinion, the Holding Company and its subsidiary company incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance

Note on Audit of Internal Financial Controls over Financial reporting issued by the Institute of Chartered Accountants of India.

CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED MARCH 31, 2021

A. CORPORATE INFORMATION:

Refex Industries Limited (Refex), From realising the commercial potential of HFC gases and diversifying into refrigerant gases, Refex Industries Limited (Refex) has consistently delivered out-of-the-box innovation coupled with positive financial sustainability, at every step of the way. With its inception in the year 2002, Refex Industries successfully broke the monopoly that existed in the controlled refrigerant gas market. After its well-established leadership in refrigerant gases, Refex now brings its delivery expertise in offering services like coal trading, coal yard management and coal ash handling to thermal power plants.

Refrigerant Gas:

Refex Industries Limited (REFEX) is a specialist manufacturer and re-filler of Refrigerant gases, particularly, environmentally acceptable gases that are replacements for Chloro-Fluoro-Carbons (CFC's). These are used primarily as refrigerants, foam blowing agents and aerosol propellants. It exercises superior quality control and efficiency with the help of advanced technology. Refex has been committed to being an exemplary player in terms of safety, protection of health and environment, and sustainable development.

Handling and Disposal of Fly Ash:

Ash is the by-product from the burning of coal which is the fuel to the thermal power plants. 30-45 Percent of the burnt coal is ash. This ash is full of heavy metals and toxins which if not handled properly could pollute air, land and water bodies.

During the running of a power plant ash is continuously produced and stored in silos which have to be continuously evacuated. The fly ash from the silos is a raw material required for the production of PPC cement, manufacturing of bricks, concreting of infrastructure projects like roads, bridges etc. This fly ash from the silos is transported in closed bulkers.

The excess undisposed ash from the silos is then sent to the ash dyke from where it is evacuated by filling in trucks for mine reclamation, filling of low lying areas, embankments etc. as per the guidelines of Ministry of Mines and Ministry of Environment and Forests (MoEF).

Round the clock services for coal yard management, shifting of uncrushed coal and Housekeeping Works:

With immense experience in handling ash in large number of trucks and bulkers, company have ventured into providing coal yard management services.

Uncrushed coal from trucks is first stored in the coal yard in the form of heaps. This coal is then transported

and fed into the track hoppers at the Coal Handling Plant area. The un-sized coal which doesn't pass through the grizzly is broken to smaller sizes before it goes through. These services are provided round the clock to ensure sufficient supply of coal to run the power plant uninterruptedly.

The Company also provide housekeeping services in the coal handling plant (CHP) areas like in the conveyor belt surrounding areas, cable trays, trenches, drains, sump pit where spilled coal is to be collected and shifted manually with adequate manpower to ensure the smooth functioning of the equipment.

Coal Trading:

The Company source quality coal from domestic and international players and offer at competent prices to the power plants.

With a boost in infrastructure in India, Refex foresees a tremendous growth in all the business segments.

B. SIGNIFICANT ACCOUNTING POLICIES

Basis of Preparation of financial statements

- **Statement of Compliance**

The financial statements have been prepared in accordance with Ind ASs notified under the Companies (Indian Accounting Standards) Rules, 2015.

- **Preparation and compliance with Indian Accounting Standards (IND AS)**

The financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company considers the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

Consolidated financial statements is determined on such a basis, leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies are set out below.

- **Historical Cost convention**

The financial statements have been prepared under historical cost convention on accrual basis except for certain assets and liabilities as stated in the respective policies, which have been measured at fair value.

- **Current / Non-Current classification**

The assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities. Cash or cash equivalent is treated as current, unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

- **Revenue recognition**

Revenue from Sales of goods and Electricity

The company manufactures and sells a range of

refrigerant gases and generates electricity. Sales are recognised when control of the products has transferred, being when the products are delivered to the customer, and there is no unfulfilled obligation that could affect the customer's acceptance of the products. In case of electricity, sales are recognised when power generation is passed on to the electricity grid.

Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the customer has objective evidence that all criteria for acceptance have been satisfied.

Revenue from these sales is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.

No element of financing is deemed present as the sales are made with the credit term, consistent with market practice.

A receivable is recognised when the goods/ electricity are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue from sale of services

Revenue from providing services is recognised in the accounting period in which the services are rendered. For fixed-price contracts, revenue is recognised based on the actual service provided to the end of the reporting period as a proportion of the total services to be provided. The proportion of service rendered is determined by cost involved for the project as against total cost. Any promise made in the contract, which are identified distinct is accounted for as a separate performance obligation. Where the contracts include multiple performance obligations, the transaction price will be allocated to each performance obligation based on the stand-alone selling prices. Where these are not directly observable, they are estimated based on expected cost-plus margin.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit and loss in the period in which the circumstances that give rise to the revision become known by management. In case of fixed-price contracts, the customer pays the fixed amount based on a payment schedule. If the services rendered by the company exceed the payment, a contract asset is recognised. If the payments exceed the services rendered, a contract liability is recognised.

Interest income:

Interest income from, if any, non-current financial assets are recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.

Interest income from fixed deposits in banks is recognised on time proportion basis, determined by the amount outstanding and the rate applicable.

Fair value gains on current investments carried at fair value are included in Other income.

Other items of income are recognised as and when the right to receive arises.

- **Property Plant and Equipment**
- **Tangible Assets**

Freehold land is carried as historical cost. All other items of property plant and equipment are stated at historical cost of acquisition less accumulated depreciation and amortisation and impairment. Historical cost includes purchase price, taxes and duties (Net of tax credits), labour cost and directly attributable overhead expenditure incurred upto the date the asset is ready for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to Profit and Loss during the reporting period in which they are incurred.

Depreciation is recognised using the straight-line method. The estimated useful lives and residual values are reviewed at the end of each year, with

the effect of any changes in estimate accounted for on a prospective basis. The useful lives of assets are adopted to as specified by Schedule II to the Companies Act, 2013, in order to reflect the actual usage of the assets. The residual values are not more than 5 Percent of the original cost of the asset.

On transition to Ind AS, Group has elected to continue carrying value of all its property plant and equipment recognised as at April 01, 2017 measured as per the previous GAAP and use that carrying value as deemed cost of the property, plant and Equipment.

An item of property, plant and equipment is derecognised upon disposal. Any gain or loss arising on the disposal of an item of property plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognised in the statement or profit and loss.

- **Intangible assets**

Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

- **Other intangible assets**

Specialised software is amortised over a period of three to six years on straight line.

Intangible assets acquired are measured at cost less accumulated amortisation and impairment losses.

Amortisation on impaired assets is provided by adjusting the amortisation charge in the remaining periods to allocate the assets' revised carrying amount over its remaining useful life.

- **Impairment of assets**

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. If any such indication exists, an estimate of the recoverable amount of the asset/ cash generating unit is made. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased.

- **Capital Work in Progress**

The cost of self-constructed assets includes the cost of materials, direct labour and any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets

- **Depreciation and amortisation**

Depreciation

The depreciable amount of an item of PPE is allocated on a straight-line basis over its useful life as prescribed above.

If part of an item of PPE with a cost that is significant in relation to the total cost of the asset and useful life of that part is different from remaining part of the asset; such significant part is depreciated separately. Depreciation on all such items have been provided from the date they are 'Available for Use' till the date of sale / disposal and includes amortisation of intangible assets. An item of PPE is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

Depreciation is charged on pro-rata basis from the date of addition / till the date of disposal. Gains and losses on disposal of assets are determined by comparing the sale proceeds with the carrying amount. These are included in profit and loss within other income.

The residual values are not more than 5 Percent of original cost of the asset. The asset's residual value and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

- **Borrowing costs**

The Company capitalises borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset as a part of the cost of the asset. The Company recognises other borrowing costs as an expense in the period in which it incurs them. A qualifying asset is an asset that necessarily takes a substantial period to get ready for its intended use or sale.

To the extent the Company borrows generally and uses them for the purpose of obtaining a qualifying asset, amount of borrowing cost eligible for capitalisation is computed by applying a capitalisation rate to the expenditure incurred. The capitalisation rate is determined based on the weighted average of borrowing costs, other than borrowings made specifically towards purchase of a qualifying asset.

- **Foreign currency translation**

a. Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

b. Exchange differences that arise on settlement of monetary items or on reporting of monetary items at each Balance Sheet date at the closing rate are adjusted in the cost of fixed assets specifically financed by the borrowings contracted, to which the exchange differences relate.

c. Exchange differences arising on settlement / restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expense in the Statement of Profit and Loss.

- **Employee benefits**

Employee benefits include provident fund, superannuation fund, employee state insurance scheme, gratuity fund, compensated absences, long service awards and post-employment medical benefits.

CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)

- **Short Term obligations**

All employee benefits falling due wholly within twelve months of rendering the service are classified as short-term employee benefits. The benefits like salaries, wages, short term compensated absences etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the year when the employees render the service. These benefits include performance incentive and compensated absences which are expected to occur within twelve months after the end of the period in which the employee renders the related service.

The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

- **Post-employment obligation**

The company operates the following post-employment benefit schemes.

Defined benefit plans such as gratuity for its eligible employees and defined contribution plans such as provident fund.

Defined Benefit Plan (Gratuity)

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on the government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of assets. This

cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the year in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit and loss as past service cost.

Defined Contribution Plan (Provident Fund)

The State governed provident fund linked with employee pension scheme are defined contribution plans. The contribution paid/ payable under the scheme is recognised during the period in which the employee renders the related service.

Other long-term employee benefits

The obligation for other long-term employee benefits such as long term compensated absences, liability on account of Retention Pay Scheme are recognised in the same manner as in the case of defined benefit plans as mentioned above.

- **Taxes on Income**

Income tax expense represents the sum of the current tax and deferred tax.

Current tax

The current tax is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss and other comprehensive income because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset only if there is a legally enforceable right to set off the recognised amounts and it is intended to settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefit will be realised.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

The break-up of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after setting off deferred tax assets and liabilities where the Company has a legally enforceable right to set-off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

Current and deferred tax for the year

Current and deferred tax are recognised in profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Minimum Alternate Tax (MAT) is accounted as current tax when the Company is subjected to such provisions of the Income Tax Act. However, credit of such MAT paid is available when the Company is subjected to tax as per normal provisions in the

future. Credit on account of MAT is recognised as an asset based on its recoverability in the future.

- **Provisions and contingent liabilities**

- **Provisions**

A provision is recorded when the Company has a present or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reasonably estimated.

- **Contingent Liabilities**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is termed as a contingent liability. Show cause notices are not considered as Contingent Liabilities unless converted into demand.

- **Leases**

The Company, as a lessee, recognises a right-of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset. The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has the right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of the right-of-use asset. The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses an incremental borrowing rate.

For short-term and low value leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the lease term.

- **Cash and Cash equivalents**

Cash and cash equivalents include cash in hand, Balances in Bank and other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

- **Financial assets**

- **Classification**

The Company classifies its financial assets in the following measurement categories:

- (i) Those measured subsequently at fair value through other comprehensive income (in case of investments in equity instruments) through profit and loss (in case of investments in mutual funds)
- (ii) Those measured at amortised cost

The classification is based on the Company's business model for managing the financial assets and the contractual terms of the cash flow for assets measured at fair value, gains and losses will either be recorded in profit and loss and other comprehensive income.

- **Measurement**

- **Initial Measurement**

The Company measures a financial asset at its fair value plus cost that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit and loss are expensed in profit and loss.

- **Subsequent measurement**

Investments

Fair value through Profit and loss

Assets that do not meet the criteria for amortised cost or Fair Value Through Other Comprehensive Income (FVOCI) are measured at fair value through profit and loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit

and loss and is not part of a hedging relationship is recognised in profit and loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

- **Other financial assets**

After Initial Measurement, financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by considering any discount or premium and fees or cost that are an integral part of EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

- **Impairment of financial assets**

The Company assesses on a forward-looking basis, the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been significant increase in credit risk.

For trade receivables (If any), the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected credit losses to be recognised from initial recognition of the receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each Balance Sheet date, right from its initial recognition

- **De recognition of financial assets**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when the rights to receive cash flows from the asset have expired.

- **Financial Liabilities**

- **Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit and loss. Such liabilities shall be subsequently measured at fair value

- **Initial recognition and measurement**

The Company's financial liabilities include trade

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

and other payables, loans and borrowings including bank overdrafts. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

- **Loans and borrowings**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to interest-bearing loans and borrowings.

- **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

- **Offsetting of financial instruments**

Financial assets and financial liabilities are offset, and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

- **Government grants**

Government grants are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. Government grants in the nature of promoters' contribution like investment subsidy, where no repayment is

ordinarily expected in respect thereof, are treated as capital reserve.

- **Dividend to Shareholders**

Final dividend distributed to equity shareholders is recognised in the period in which it is approved by the members of the Company in the Annual General Meeting. Interim dividend is recognised when approved by the Board of Directors at the Board Meeting. Dividend distributed is recognised in the Statement of Changes in Equity.

- **Earnings per Share**

Basic earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit and loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

- **Derivative financial instruments**

The Company uses derivative financial instruments, such as forward contract to manage its exposure to foreign exchange risks. Any derivative that is either not designated as a hedge or is so designated but is ineffective as per Ind AS 109, is categorised as a financial asset or financial liability, at fair value through profit and loss. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value through profit and loss and the resulting exchange gains or losses/ fair value changes are included in Statement of profit and loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Assets/ liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realised within 12 months after the balance sheet date.

- **Segment Information**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker ("CODM").

**CONSOLIDATED NOTES FORMING PART OF FINANCIAL STATEMENTS
AS AT AND FOR THE YEAR ENDED MARCH 31, 2021 (Contd.)**

The board of directors of the Company assesses the financial performance and position of the Company, and makes strategic decisions. The board of directors has been identified as being the CODM.

- **Prior Period**

Errors of material amount relating to prior period(s) are disclosed by a note with nature of prior period errors, amount of correction of each such prior period presented retrospectively, to the extent practicable along with change in basic and diluted earnings per share. However, where retrospective restatement is not practicable for a particular period then the circumstances that led to the existence of that condition and the description of how and from where the error is corrected are disclosed in Notes to Accounts.

- **Cash flow statement**

Cash flow statement is prepared in accordance with the indirect method prescribed in Ind AS 7 'Statement of Cash Flows'.

Cash flows are reported using the indirect method, whereby profit/ (loss) before tax is adjusted for the effects of transactions of no cash nature and any deferrals or accruals of past or future cash receipts or payments. Cash flow for the year is classified by operating, investing and financing activities.

- **Critical Estimates and Judgements**

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make certain estimates and assumptions that affect the reported amount of assets and liabilities as of the balance sheet date and reported revenue and expenses for the year and disclosure of contingent liabilities as of the date of balance sheet. The estimates and assumptions used in the accompanying financial statements are based upon the management's evaluation of the relevant circumstances as of the date of financial statements. Actual amounts could differ from these estimates.

This note provides an overview of the areas that involve a higher degree of judgment or complexity, and of items which may be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed in about each of these estimates and judgments is included in the relevant notes together with information about the basis of calculation of each affected line item in the financial statements.

The areas involving critical estimates or judgments are:

- i. Estimation of current tax expense and payable – Note 5 in notes to accounts
- ii. Estimation of defined benefit obligation – Note 33 in notes to accounts
- iii. Estimation of useful life of Property, Plant and Equipment and Intangibles.

- i. M/s Hindustan Fluoro Carbon Limited (the "Petitioner") has filed a writ petition (19504/2009) before the Hon'ble High Court of Andhra Pradesh at Hyderabad (the "Court") under Article 226 of Constitution of India in the year 2009 against State Bank of India, Chennai and Ors. (collectively, the "**Respondents**"). Our Company is one of the Respondents in the matter. Petitioner has filed the writ before the Court in the nature of Mandamus to declare the act of State Bank of India, one of the Respondents, rejecting Petitioner's letter of credit issued by SBI-Commercial Branch Chennai, as illegal and consequentially seeking an order directing State Bank of India to honor its commitment to realise the payment of ₹ 132.06 Lakhs along with interest on the same to the Petitioner towards goods supplied by the Petitioner to our Company. Our Company has filed counter reply with the Hon'ble High Court in the year 2016 to dismiss the writ petition. Presently, the matter is pending before the Hon'ble High Court.
- ii. A vendor namely "Kolane Refrigerants" has filed a Criminal Complaint against the Company & its then Directors [File No.28/1] before the Chief Judicial Magistrate Pulwama, Jammu & Kashmir ("CJM"), alleging criminal charges of cheating to the extent of ₹ 22,00,000, against Company for invoking Letter of Credit towards import of refrigerant gas consignment. The CJM admitted the complaint and thereafter, the complaint got dismissed for non-prosecution a couple of occasions in 2008 and 2013 and was later restored. The matter is presently pending for appearance of the Company and its Directors and shall come up for hearing in due course.

(b) Litigation involving material violations of statutory regulations which are currently pending or have arisen in the preceding last ten years:

Income tax department has filed an appeal before the Hon'ble High Court of Madras at Chennai (the "Court") as aggrieved by an order of Hon'ble Income Tax Appellate Tribunal (ITAT), Chennai under Section 143(1) of Income Tax Act 1961 which was passed in favour of our Company. This matter relates to the tax demand to the tune of ₹ 170.61 Lakhs for the assessment year 2009-10 which was raised by an assessing officer by way of issue of an assessment order dated October 16, 2014 under Section 40 (a) (ia) of Income Tax Act, 1961. The matter is pending and shall come up for hearing in due course.

2. FILED BY OUR COMPANY

(a) Pending matters, which, if they result in an adverse outcome, would materially and adversely affect the operations or the financial position of our Company:

- i. Our Company has filed an execution petition in the original suit (60/2014) before the Hon'ble District Munsiff Judge at Chengalpet (the "**Court**") under Order XXI read with Rule 11 (2) of Civil Procedure Code, 1908 for execution of judgement and decree obtained by our Company in Original Suit (60/2014) (the "Suit") against V.Veera alias Veerapathiran (the "**Defendant**") before Court seeking permanent injunction and removal of the construction undertaken by the Defendant over the immovable property located at No. 114 Thandalam Village, Now Thirupporur Taluk, Kancheepuram District admeasuring 0.33 Hectares which is disputed in Suit. The said matter is pending.
- ii. Our Company has filed a commercial suit (747/2012) before the Hon'ble High Court of Madras at Chennai under Order XVII read with Rule 1 of Civil Procedure Code, 1908 against United India Assurance Co. (the "Defendant") for recovery of insurance claim rejected by the Defendant, to the tune of ₹ 484.93 Lakhs for the loss caused to our Company because of leakage of stored gas which was insured by standard fire and special peril policy availed from the Defendant. the act of detention without any authority but with an oral intimation, of two containers of refrigerant gas namely R-142B in 2 ISO tanks by the Deputy Commissioner of Customs which were imported from China in the year 2014 by Petitioner. The matter was heard and the Hon'ble Court directed the Petitioner to deposit sum of ₹ 28.94 Lakhs for the release of said containers by Respondents and directed to appear before the Respondents. Pursuant to the Hon'ble High Court's direction, the Company made its written submissions (owing to covid-19 lockdown restrictions the Company could not make physical appearance) to the Office of the Commissioner of Customs (Chennai-II) following which the Commissioner had passed an adverse order dated 25.05.2021. The Commissioner had vide the impugned order imposed fine of ₹ 250,000 for present consignment and ₹ 260,00,00 for the past consignment and penalty of ₹ 100,000 for present consignments and 600,000 for past consignment under the relevant provisions of Customs Act, 1962. The company is in the process of preferring an appeal against the said order passed by the Office of the Commissioner of Customs (Chennai-II).

- iv. We have filed an appeal against the order of the Ld. Additional Commissioner of Customs (Gr.4) in Order No 78192/2020 dated December 18, 2020 submitting that the impugned goods are not covered under the Gas Cylinder Rules, 2016 ("GCR") and that there is no requirement for us to obtain the PESO license for import of the same and further that no penalty can be imposed under Section 112(a) of Customs Act, 1962. By the impugned order, Ld. Additional Commissioner of Customs ordered for confiscation of goods viz. Empty tin cans imported by the Company valued at ₹ 13,81,666/- under Section 111(d) of Customs Act, 1962 besides imposing a penalty of ₹ 50,000 under section 112(a) of the Act. The appeal is yet to be listed and we are in the process of trying to get the same listed at the earliest. We have currently gone on appeal to CESTAT and the matter is yet to be listed.
- v. Our Company has filed a suit (105/2011) (the "**Suit**") before the Hon'ble District Munsiff Court at Chengalpet (the "Court") under Order XVIII read with Rule 1 of Civil Procedure Code, 1908 against Mr. Dhanpal (the "Defendent") seeking permanent injunction against the Respondent from encroachment and removal of the construction undertaken by the Defendant over the immovable property located at No. 114 Thandalam Village, Now Thirupporur Taluk, Kancheepuram District admeasuring 0.33 Hectares which is disputed in Suit. The Hon'ble Court passed a judgement and decree favour of our Company and we are in process of filing the execution petition under Order XXI read with Rule 11(2) of C.P.C for execution of judgment and decree obtained in the Suit.
- vi. Our Company has filed a Commercial Summary Civil suit [C.S.No.658/2019] (the "**Suit**") before the Hon'ble High Court, Madras (the "Court") under Order VII Rule 1 CPC read with section 2 (1)(c)(i) of the Commercial Court, Commercial Division, Commercial Appellate Division of the High Court Act, 2015 against ICICI Bank Limited, T.Nagar Branch, Chennai ("**the Defendant**") for recovery of ₹ 1,74,72,785/- being the loss and damages cost due to ICICI's negligence in respect of export of consignments to an importer in Kenya, ICICI being the escrow agent had negligently released original delivery documents before receiving payments and hence the commercial suit. Notice has been ordered to be served and returned by 03.08.2021.

(b) Litigation involving issues of moral turpitude or criminal liability, which are currently pending or have arisen in the preceding last ten years:

- i. Our Company has filed a criminal complaint (7463/2017) before the Hon'ble Metropolitan Magistrate Court, Saidapet, Chennai under Section 138 of the Negotiable Instruments Act, 1938 against Mr. Rajendar Malu, proprietor of M/s Premier Electric & Refrigeration C. (the "Accused") for dishonor of Cheque issued towards outstanding dues to the tune of ₹ 4.75 Lakhs in respect of supply of goods to accused by our company. b. Fair Value Hierarchy

- **Level 1** - Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- **Level 2** - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- **Level 3** - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

c. Valuation Technique used to determine Fair Value:

The carrying amount of current financial assets and current trade and other financial liabilities measured at amortised cost are considered to be the same as their fair values, due to their short term nature. The carrying amount of Security Deposit measured at amortised cost is considered to be the same as its fair value due to its insignificant value. The carrying value of Rupee Term Loan and Term loan from related parties' approximate fair value as the instruments are at prevailing market rate.

32. FINANCIAL RISK MANAGEMENT

The Company's activities expose to limited financial risks: market risk, credit risk and liquidity risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance.

Market risk

Market risk is the risk of loss of future earnings or fair values or future cash flows that may result from a change in the price of a financial instrument.

The company is exposed to market risk primarily related to foreign exchange rate risk (currency risk), Interest rate risk and the market value of its investments.

Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. It principally arises from the Company's Trade Receivables, Retention Receivables, Advances and deposit(s) made.

Trade receivables

The company has outstanding trade receivables amounting to ₹ 92,95,78,589.66 as at March 31, 2021 & ₹ 72,27,26,787.61 as at March 31, 2020 respectively. Trade receivables are typically unsecured, except for security deposits received from the new dealers and are derived from revenue earned from customers. Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Default on account of Trade Receivables happens when the counterparty fails to make contractual payment when they fall due.

Further for amounts overdue are constantly monitored by the management and provision towards expected credit loss are made in the books. Management estimated of expected credit loss for the Trade Receivables are provided below with the classification on debtors.

Particulars	Overdue period							
	0-30days	30-60days	60-90 days	90-120 days	120-180 days	180-360 days	360 days– 3 Years	> 3 Years
Trade Receivables	3.00%	3.00%	3.00%	5.00%	10.00%	10.00%	100%	100.00%

The above % has been arrived by taking a simple average of 3 Variants as prescribed by the standard. The 3 variants are arrived on by the management on the basis of Conservative, Moderate and aggressive estimates.

Reversal of Excess Provision	-
As at March 31, 2021	295.04

Trade receivables are impaired in the year when recoverability is considered doubtful based on the recovery analysis performed by the company for individual trade receivables. The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality.

Liquidity Risk

Our liquidity needs are monitored on the basis of monthly and yearly projections. The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations, Term loan from Banks, and Contribution in the form of share capital. We manage our liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consist mainly of sundry creditors, expense payable, employee dues, repayment of loans and retention & deposits arising during the normal course of business as of each reporting date. We maintain a sufficient balance in cash and cash equivalents to meet our short-term liquidity requirements.

We assess long term liquidity requirements on a periodical basis and manage them through internal accruals. Our non-current liabilities include Long term secured loan from Banks, Lease liability and other long term provisions.

The table below provides details regarding the contractual maturities of non-derivative financial liabilities. The table have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the company can be required to pay.

The table include both principal cash flows.
